Chapter 19 - Gatekeeper

Has an hour passes since the battle with the thieves, I am walking peacefully while eating papugos for MP recovery and slight hunger.

“Fua~, I still haven’t come out of the forest, seems I was a little optimistic thinking I could leave immediately since the papugos supposedly are found close to the entrance. Well it can’t be helped, it’ll be fine if the forest can be left before the sun sets. If it does come to sleeping outdoors then it should be alright since this forest doesn’t seem so dangerous at present.”

This forest has almost no monsters, the only monster I’ve come across these several days inside the forest is rabbits, are there no other monsters inhabiting here or will there be stronger monsters if I go more into the depths...

Walking while thinking of such a thing, something which looks like an exit was faintly seen.

“Oh! The exit at last...”

Walking for a few minutes I succeeded in leaving the forest, “Fuu~~, it’s finally farewell to this forest.”

A grassy plain spread before my eyes when the forest was come out from.

“Wow, there’s more walking... well I can faintly see a village so I’ll reach it in a few tens of minutes.”

Walking from there, I was able to safely arrive at the village.

“Oooh, is this the village the thieves spoke of. I thought it would be smaller, it’s unexpectedly huge.”

Two gatekeepers are standing at the entrance, both their faces are quite tense.

“So those persons are gatekeepers, they’re extremely menacing. Well, it’s reasonable from the story. According to the thieves’ story, this village should have just been attacked by those guys, they have reason to be vigilant.”

Should I talk for the time being, at the time of thinking so.

“You with the strange clothes, stop there. Who are you? What business do you have with this village?”

It’s suddenly an aggressive attitude, but strange clothes...
Well, these clothes are from before I came to this world, there’s no doubt they’re strange clothes for those from this world.
But my reason for coming to this village, it absolutely won’t be believed that after transferring to another world this village was the closest one, well it’s inevitable.

“Nice to meet you, I’m named Satou Yuuma. I came to the forest for the purpose of subjugating demons for about two days, this morning I had finished defeating enough and when leaving the forest I came across this village. The reason for coming to this village is I’m looking for an inn since sleeping outside is painful.”

I guess it’s alright with this explanation, I’m not good at lying...

The vigilance on the gatekeeper’s face softened a bit with relief from that explanation.

“I see, it’s admirable to be subjugating monsters when so young! You did well youngster! My name is Gant, my best regards.”

His hand is stretched out when saying so.
I also do so in the same way and shake hands.

“Yes, please treat me well Gant-san!”

It seems to be alright with this.

“By the way youngster, you said you were subjugating monsters in Faris Forest?”

“Yes, what wrong with it?”

“A bit before this village was attacked by thieves, they were a five-man group but an adventurer killed two of them, the remaining three ran in the direction of the forest. I thought perhaps you’d caught sight of those guys.”

Aah, it’s that three thief group. I completely forgot.

“Is it a man with a tough looking and scarred face with two thin men?”

Gant-san is a little upraised when that is said.

“Ooh, no mistake that’s them! Youngster! Do you know where they went?! We can’t let them go since they might attack the village again.”

Gant-san’s face has almost become frightening.

“It’s alright Gant-san, there’s no need to know where those guys were going, I don’t think they’ll be coming to this village a second time.”

Gant-san seems to be curious,

“Could you say why it’s like that?”

I answered while smiling.

“Because I already killed those three.”

With my speech, Gant-san abruptly made a dumbfounded face. But after a few seconds, Gant-san’s scream resounded.

“Whaaaaaaaaaaaaaaaaaaaaaat!!!!”

Chapter 20 - Baris Village

After a short while, gatekeeper Gant-san seems to have finally settled down.

“Fuu, sorry, I was a little excited!”

A little... I don't think that's how it was.

“But has a youngster like you really killed those guys?

It's not that I'm doubting you, it's only a little surprising for a youngster to kill them.”

I guess there's no help for there being doubts, for a guy like me to suddenly say they've killed three thieves isn't something which would be believed. But this uncle, it's been youngster youngster about me for some time... I'm already like an adult who has passed the age of 25.

“Perhaps those three thieves were careless from relief thinking they'd safely escaped, so they could be killed with magic.

Even though it seems unbelievable, I can show you since I have their bodies in my Item Box.

And finally, I'm 25 years old, not a youngster, and the name is exactly Satou Yuuma.”

Hearing I killed them when they were being careless, Gant-san consented a little.

“I see, if they were being careless when entering the forest then you might be able to kill them alone. But for you to be able to use precious magic, moreover to use the precious Item Box, you're really different from your appearance, aren't you youn... no Yuuma!

It's a little hard to believe you're 25, but the one who killed those guys can't be called a youngster!”

Hmm, it appears that magic is a precious existence in this world, and Item Box is even more precious, this should be concealed as much as possible...

It might bring unnecessary trouble, naturally I won't hesitate to use it when it's

necessary but I think I'll stop from using it recklessly.

"Thank you for believing, then what about the bodies of those guys? If you want to verify then they can be taken out here..."

Gant-san is thinking a little.

"Then just in case, I want to confirm it a little, are there any problems?"

"Well, it's not really a problem... it's just a little grotesque... to but it simply, above the neck has been blown off."

Hearing this, for a moment Gant-san had a drawing back kind of face, but it was only for an instant.

"Aah, I don't mind, even though it looks this way, being a gatekeeper is dangerous work, I've become used to seeing things such as a dead body, please show it."

If it's like that... and so I took the two bodies out from the Item Box, the other young gatekeeper who saw this let out a little scream.

Gant-san was a little surprised but it was only that much.

"Hou... I didn't think it would be up to here, just what kind of magic did you use... N? There were three thieves, what happened to the other one?"

"If I had to say, then the remaining one is more showy... something like that... it's broken up to the point you wouldn't know it was a corpse..."

When I said so, Gant-san had a face which was considerably drawing back, it couldn't be helped! I didn't think it would be like that with the fireball being that large! ..."

"Is... is that so... it's all good in that case... aah..."

Gant-san immediately pulls himself together after that.

"Okay then, the verifying is finished. Should I put these guys back in the Item Box again? It might become a disturbance if it's left like this."

I stored the two in the Item Box.

"Thanks! I'll go report to the village head that the worry over the thieves has

disappeared, what about you? Rather than searching for an inn, how about I refer you to my recommend inn?"

"Really!? Please refer me by all means!"

Gant-san floats a smile.

"Gotcha! In that case, walk straight along the road here,
The recommended inn is the sixth one from here!
The price is low and above all the meals are delicious!"

The meals are delicious?! This guy's the best.
But there's something which needs to be heard first.

"Excuse me Gant-san, tough I'm attracted to that inn...
how much is the price?"

"Aah, two copper coins for one night, three copper coins with a meal!
Should I treat you with the money for one night's stay!?"

Including a meal it's 3 copper coins, it's alright in that case.

"No, it seems to be alright! Thank you very much."

Gant-san felt relieved.

"Ou! I'm glad then, let's meet later since I'm going to the village head to report. Aah, I forgot to say it..."

Forgot to say? What is it?

Gant-san then said while smiling.

"Welcome to Baris Village!"

Chapter 21 - The INN

I parted with gantt-san and then greeted another gatekeeper I went into the village

I was looking around the village

hmm,Its a pretty big for a village

About 20~30 buildings are in the same lane

The buildings that i lived in my previous life were made from wood but the buildings here are mainly wood-based houses.

“Well let me go into the inn that i was introduced first of all”(yuma) The inn which gantt-san introduced to me was straight ahead and 6 buildings forward and i began walking taking in the scenery while i was walking shops came into my view kind a like a tool store However,these shop products seem to be scattered along the road if im not wrong these are probably the work of the thieves...

Though slightly regrettably, but there is nothing that I can do about it,i moved forward while i thought so.

I greeted the villagers when i passed by them

a few villagers greeted me back when i greeted them but few of them glared back at me as if was a suspicious person,i know that there is no helping it because of the way i look.

It is a secret but even children were scared and shocked of the way i looked.

Meanwhile I arrived at the building that looked like an inn This is probably the inn that gantt-san recommended to me “Hmm, it’s not that great, but it has a nice atmosphere building lets enter for the time being . . .”(yuma)

so i opened the door to the inn and went inside

There was a beautiful women she was really beautiful than words can describe who sat at the reception desk she looked around 20~25 years old she called out to me.

“Welcome!”(Beauty)

i walked towards the reception desk where the beauty sat.

wow she looks even more beautifull up lost i got a little nervous “Hello,Nice to meet you my name is yuma sato,I just came into the village today, i wish to stay the night , Is there a room available?”(yuma) “Yes, just one room is vacant. would you like to have for a meal along with the stay? If you only want to stay, It is 3 copper coins with the meal,2 copper coins for the stay”(Beauty) i am getting hungry i would naturally like to eat all the delicious things possible “With the meal, please.”(yuma)

“Certainly it will be three copper coins together with one night’s meal.”(Beauty) I took out three pieces of copper coins from a pocket and handed it to beautiful woman carefully “Certainly, dinner is about an hour from now, but would you like to eat here or should it be sent to the room?”(Beauty) “I would like to eat here”(yuma)

As expected it is bad to have it inside the room...

And it is not too bad to eat where there are lots of people occasionally “Certainly, I will show you to your room now Mary please get down here! “(Beauty) When Ms. beauty who utters a little loud cry, there is a sound coming from the stairs with DODDODDO is heard.

“mama did you call me ??”(mary)

What came down from the stairs was a very pretty girl like a beautiful young teen as young as 10 years old. with The short skirt It suits you so much. I Wonder if this child called the nickname of Ms.beauty mama ? ...

“she Will guide you to the inns room?”(Beauty)

“i understand– what is the guests name !!?(mary) This child her spirits are pretty good...

“umm,Hi my name is Yuma Sato and you are ?”(yuma) Gant-san also told me that calling me Yuma is easier compared to the other “You are Mr.yuma – hi my name is mary nice to meet you So i will guide you to Yuma-san’s room to stay, so please come along “(mary) ... than I began to go up the stairs following mary-san..

Mary moves forward wearing the skirt

And Mary first went up the stairs and I followed her and i looked up the stairs

I have not seen anything I have not seen anything I have not seen anything
Let's forget it "What happened Yuma-san ? Your face is really red, what happened?"(mary) ah— she asked me such a question so innocently...

"NO,no there's nothing wrong"(yuma)

"i see,well here we are yuma-san this here is your room~yahoo"(mary)
TL:she ends her sentence with yahoo like how little girls do somehow or the other i seemed to have arrived

I opened the door and went inside

It isn't that good and large but it is still beautiful There is one small table and a bed

"mary-san thank you for your guidance"(yuma)

"NO problem at all-also the meal is about an 1 hour from now so please dont forget"(mary) Mary-san closed the door and she returned to work while saying so I laid on the bed and took a breather

yeah theres a difference between heaven and earth compared to the cave and the inn bed fuu~its bad,if i continue to lie on the bad i will fall asleep Since i am free right now lets confirm with the status list?

hmm MP has recovered considerably

where did the conversation skill come from and how do you increase it ?

Did the talk with gantt-san cause this..?

hey..whats with the title of pervert

THat ! Did that cause this ?

A guy who isn't turned on in that situation is not a man!

there was no helping it.. i am not sorry about that..

apparently it seemed like an hour had passed while i was doing this The first floor is getting noisy "Its time for dinner so i think its easy to understand"(yuma) while i was thinking such a thing i went out of the room and walked downstairs for the meal approximately 1 hour had passed when i came back to the first floor "ah,yuma-san , please pick a vacant seat although a few look really old, please have a seat"(mary) she really is a good child....she is pretty,cute and a really good child {tl:pedo ?}

i sat in a vacant seat and waited for the dishes to arrive Within a few minutes mary-san brought the dishes "Thank you for waiting– Todays dish is the silver

wolf steak,a soup and salad~dayo”(mary) so..Honestly it seems very good

The roasted whole rabbits which i ate for the first time was also good but they don't seem to be able to win againsts this..

“after you finish eating please return the tableware and relax”(mary) saying so mary-san returned to work

now-i cannot endure anymore

“it is assumed that it is so..”(yuma)

At first i ate a slice of the steak

...This is dangerous..this is too good

this silver wolf meat is something that i haven't heard of and i don't know what kind of it ,it is Anyway its really good!

i ate the bread next but i expected the bread of this world to be tasteless but unexpectedly it is PAN
SOFT!!!

Finally the salad is unquestionably good too, it is intolerably brisk.

in a few minutes, all the food was

it really goooooooooooooood

Gantt-san, this is reason you recommended this inn wasn't it “Ahhh,that was the best i had-...”(yuma)

I drink water leisurely while soaking in the aftertaste of the food after a meal
The inn door opened with a “brrr”

Did a guest come in while thinking son i looked towards the entrance I just returned,ohh isn't this yuma-san yes well
i thought you were lost and was wondering if you were able to arrive here properly,ehm”(gantt) It was gantt-san

“Did you also come here to eat gantt-san.or by any chance to confirm whether i was able to arrive here properly or does gantt-san also use this inn?”(yuma) gantt-san had very weird look on his face because of my question for an instant “What are you talking about yuma-san this iis my house”(gantt)

Yes???

“otto-san,welcome back”(mary)

(tl:i had to do it for all the happy people) Saying so mary-san clung to gantt-san with a heart-attack causing smile fat-h-er?

“oh isn’t it mary-did you help kaa-san properly ?”(gantt) The beauty is his wife?

“Dear welcome back,thank you for your hard-work”(beauty) 「Oooh, I’m home Maria~!」(Gant)

How could such a thing be true!!!

Chapter 21 - Thank you

Thanks to gantt-san shock i went back over to my room in daze
but gantt-san called me out

“Hey yuma! do you have any plans for tomorrow!?”(gantt)

Gantt-san asked me that suddenly
your joking right i just came to this village,theres no way i can have plans for
tomorrow

“No,i don’t have anything to do particularly,did you have an errand for
me?”(yuma)

so i said back to gantt-san

“NO! The village head would like to meet and thank you regarding the thief
problem with etiquette!

If you don’t mind would you go with me to meet the village head
tomorrow?!”(gantt-san)

oh i see,i certainly did speak to gantt-san about the thieves
but why does the village head want to see me
well no matter what,ill look forward to what happens

“Okay, but gantt-san doesn’t have work as a gatekeeper tomorrow ?”(yuma)

“a~ thanks to you catching the thieves the gatekeepers can go back to 1-shift
a day thats

why i am on leave tomorrow but i still have to work later on!”(gantt-san)

ah i see so thats the gatekeepers work alone

“I understand shall we go in the morning after we wake up”(yuma)

gantt-san?

“Yeah thats good! alright you go ahead ill be waiting for you here tomorrow
so don’t sleep in!.

If you do so ill beat you up in your sleep!”(gantt)

Fumu~ i can't afford to oversleep this time
That was a little bit impolite,dont'cha think,also being woken up from a old
jiji(old man)-no i can't let that happen...

"Well then,please excuse me"(yuma)

As such i walked up the stairs and returned to my room
(TL:The effort writers put in to explain the scenery -(i.i)-

Back on the first floor

"otto-san!(father) Is it true that yuma-san defeated the thieves! ?"(loli mary)

"umu~ its true ,i confirmed it myself ,it was wonderfull , a little too wonderful
if i might say!..."(gantt)

"Sugo~i(Amazin~g).He looks so weak and young and might break easily but he
is actually so stron~g .

You can't judge people by how they look !"(loli mary)

She can really speak rudely considering her apperance,but eeh...(shoulder
shrug)

I returned to my Room

And i laid down on the bed

"ha~a .Do i really look that weak?. I was expecting this but ma~a i was a NEET
afterall .

It's impossible to look strong as of now.

As for meeting the village mayor tomorrow.

Its probably just because the village head wants me to hand over the bodies
from the item box but where do i

hand it over to him at the house or the ceremony?"(yuma)

Anyways im gonna sleep-in for today

If i oversleep i'm probably gonna be woken by gant-san jiji,it will be unbearable

and then i closed my eyes and went to sleep

The next Day morning

"Fu ~u. I somehow woke up before gantt-san came over to wake me up.That
was a little bit relieveing.

well then on today's schedule to go to the village head's house"(yuma)

and so i headed towards the first floor where gantt-san is waiting
on the 1st floor gantt-san was waiting for my arrival.

"Yo,yuma! .You were able to get up safely,thats good! .
If you were gonna be a little later then i would've come over!"(gantt)

Somehow i was able to avoid that dangerous situation

"So.sorry. I was able to sleep comfortably after a long time so i was a little
late"(yuma)

The beauty-san(bijin-san) i.e the wife of gantt-san came out from the door

"Ara~ara looks like i came at a nice timing. Isn't this the dana-san(master-ish
kinda) who exterminated the thieves.

Please come and have some breakfast its our treat"(beauty-san)

with that i was brought soup and Bread(PAN)
Thank you so much. Truthfully i was a little hungry.

"Thank you so much. truthfully i was a little hungry when i woke up in the
morning! Thank you for the food!"(yuma)

All the food on the table was able to be put into my stomach in only a few
minutes

As usual it was delicious as ever

"Thank you so much. It was really delicious!"(yuma)

"No~no. You are leaving for the village head's house right. Have a nice
day!"(beauty-san)

A~h such a caring person this beauty is....How was gantt-san able to pair up
with this beauty.Im so envious of gantt-san

"Alright Yuma. I already had my breakfast. lets go to the village heads house
at once.

The village head's house is pretty eye-catching but don't get lost in thoughts
ok!."(gantt-san)

Yup! gantt-san is also a good person

Well they match each other pretty nicely.

“Understood. Let’s go”(yuma)

In that way, Me and gantt-san began to walk towards the Village head’s house

Was it my imagination? Yesterday people were looking at me as if i was suspicious and tried to check me too. There’s no such thing Today.

Rather people were looking at me with gratefulness and thankfulness. It isn’t because of that right?

Looks like we have arrived at the village head’s house while i was reminiscing about such things

Certainly it’s really big.

“Alright we have arrived . All right you seem to be fine but don’t act suspiciously over here .I beg you please”(gantt-san)

“Understood”(yuma)

We went into the village head’s house.

There are lots of rooms in the house.

And we arrived at room where the village head was at.

Gantt-san

“Village head. I brought him. This was the person who knocked down the thieves yuma”(gantt)

That means that this old guy is the village head i.e the head of this village. Somehow only the village head seems to present in this room.

There is a huge door at the end of the room.

“Nice to meet you. My name is saito yuma . Please call me yuma”(yuma)

The village head opened his mouth to speak.

“Its good that you have come. My humble name is Zonga.

Yuma as you already know this village was attacked by thieves.

The town was unable to avoid this. Also i heard from gantt’s report that you knocked down the thieves we were unable to catch.

Im really greatfull for what you have done”(zonga-san)

I was generously thanked.

but still i do not why but im really curious about whats up with the huge door at the back.

I don't know why i felt some eyes gaze at me and that i looked at something that i shouldn't have looked at.

how do you ask a question decisively??

“No. I did something that should be done naturally. By the way zonga-san. I feel really weird from the gaze i am getting from the huge door at the back. Am i having an illusion?”(yuma)

The village head who heard my response smiled hugely for a moment and then came back to his usual smile and then

“Hey graze. You seem to have been noticed! why don't you come over!”(zonga)

The next moment a huge tall man who had a huge sword at his back emerged from the huge door.

The tall man seems to much harder to defeat compared to the thieves is the kinda feeling i am getting from him.

The tall man called graze opened his mouth to speak.
“I didn't expect to be caught. My name is graze. I was sure that i erased my presence earlier. Not bad kid!”(graze)

Not bad... indeed kid?

“umm...My name is yuma~des. And im 25 years old and im not a little kid”(yuma)

(TL:graze called yuma shounen i.e little kid , kid ,boy etc)

That seemed to surprize graze-san a little bit

“WHAT! With that face your telling me your 25 years old! I truly cannot believe it! But im really sorry if that is true.

Alright ill call you yuma form now on”(graze)

He apologized obediently. Umu your forgiven.

NOT!

“No NO its ok,im used to this happening.But after that is the main subject WHO are you really ?”(yuma)

So i put up the question and the answer came out prettly quicky too.
“a~ My name is graze. I am a B rank Adventurer who is currently protecting this Village/Town”(graze)

Chapter 23 - Adventurer

he~e..Adventurer eh?

i see(Narudho).

I did hear from the thieves talking about escaping from an adventurer...so is this the same adventurer they were speaking about ?

Yes.Lets confirm this later on.

Guresu-san started to speak from where he left off.

“iya~a.Sorry about that Yuma.I was testing you a bit.when you killed red-eye whom even i was not able to take down i was unable to believe it.I’m really truly sorry”(guresu) Saying so guresu-san lowered his head to me.

I panicked

“Guresu san please raise your head.Really its ok if i was in your shoes even i would not have believed that.

I truly do not mind so guresu-san please stop apologizing”(yuma) “O! Thank you!”(guresu)

Just a while ago the story became a little weird “Just a minute,i have a question,i can ask ?”(yuma) and guresu-san started Laughing

“O! Go ahead and ask whatever you wish! I will answer anything that i know about”(guresu) and so i asked what was on my mind

“That...Red-eyes guy...was he a strong person?”(yuma) Although that guy was didn’t really seem that strong at all..

“A a~a. He was a thief who recently gained a lot of name.He was extremely cruel too.And also

he had the strength of about a C rank adventurer.He certainly had a big bounty on him too.”(guresu) Seri~ously~!

He was that strong? and a bounty.I didn’t really know that it was that big. Also the strength of a B-rank Adventurer t~oo.And that means..

Well in my case i don’t my capabilities and also that they were so overpowered.But when i saw my stats on the status board i didn’t look all that

good.

So then by the status board alone i have achieved C rank.

and there is one other thing that im curious about “what does the red~eyes mean in the red-eyed thief’s name”(yuma) “Aa When he gets excited his eyes turn pure-red and so he is called the Red-eyes Theif”(guresu) I see so thats why he is called so

what im more curious about isabout the bounty?

“Umm...i heard that there was a bounty so like where and how does one obtain the bounty?”(yuma) and guresu-san started to speak as if he was waiting for this moment and question “Thats the thing yuma,currently in this village there is no such place where one can obtain the bounty.

you might have to go as far as to the city of (furokkusu)Froxx to obtain the bounty.

I am about go to the city of Froxx to Submit my report in a few days.and here’s the catch Yuma.how about you go come with me to city of froxx hmm?”(guresu) Fumu If you know that there is a Bounty then i think its better to collect it as soon as possible.

i think its better if you stay here though

TL:Sarcasm ?

“If so then i will take up on your offer.Then please take care of me until we reach the city of froxx grace-san”(yuma) And then i held out my hand

“O! Thats good.two is better than one when travelling which makes it a whole lot more fun! Take care of me too Yuma!”(guresu) And then guresu-san shook my hand that i had held out.

This guresu-san is really a handsome person....

“Alright yuma i am ready to leave anytime but i will wait for you so tell me when you are ready ze”(guresu)

TL Note:Guresu almost all the time adds a ze to the end of his sentence and hence im going to too from now on.

Fumu I am also ready to leave anytime bu~t for now “Anyway how about getting ready today and lets leave tomorrow.how does that sound?”(yuma) “O~

! Thats good too ze !”(guresu)

Alright the talking is finally done now how about we take a look at guresu-sans status board {Appraisal}

Chapter 24 - Grace

Fumu...This status is definitely weaker compare to me.Honestly there's not much difference between raldo and this.

Ma~a well if Grace-san was really strong then raldo would probably not been able get away from Grace-san....

but fighting cannot be determined just by the status board alone.

probably the fighting capability of Grace-san is probably way higher than mine. But if its only from the front it may be so but if we go all out the result may be different.

But that doesn't mean i would necessarily lose when me fight.

If your thinking about such a thing
Grace-san

"Alright then we will depart tomorrow.
We will meet at the other gate which is situated at the opposite side of the gate through which yuma came through from.

Is there any problem with this arrangement?"(Grace) "Yes,its ok.What about the time?"(yuma)

"Fumu,How about an hour after the sun comes up?"(Grace) Then that means even after i have my breakfast i will have plenty of time for other things na\
TI:yuma ended his sentence with na "I understand then with this i will take my leave.Grace-san from now please take care of me.

soncho-san(village head) thank you for inviting me.Thank you very much"(yuma) and then soncho-san

"Iya,No problem at all ,This was also to thank you anyway.
Truly Thank you for defeating the thieves.so then tomorrow you will be heading towards forxx right.

If you need any help with the preparation don't hesitate to ask.We will help you as much as possible!"(sancho) {TI:Think like how the kings used to speak
king:we would love to me help,but we have a daughter to look towards LMAO}

Sancho-san i really a nice person.To attack and raid a village where such nice

people live.

Un it was the best thing to kill the theives back then.

“Thank you. Now then ill take my leave with this.”(yuma) And then i bowed to sancho-san and left the village heads house along with gantt-san.

“Fu-u But yuma wishes to leave th village tommorrow, is that right?. I really thought an intresting guy had come over.I’m a bit dissapointed though”(gantt) thats right tomorrow is goodbye i am feeling a little lonely parting with ganto-san “Thats right it’ll be lonely from now on.gant-san,village head all the other people from the village were kind to me”(yuma) when i was thinking out-loud such a thing gant-san was shocked for a second and then in the next second “Oi oi stop it i was just teasing you a bit ze!”(gant)

and the ossan-s face became pure red

gant-san changed the topic since he was shy about it

“By the way Yuma, what are you going to do today? Of course we welcome you if you stay at our inn.”(gant) “Thats right,it will be same as yesterday,then ill be bothering you.The dishes there were really good i wish to eat it one more time before i leave the village”(yuma) “uu yo!Maria’s cooking is the best,Then for now shall we go back then “(gant) And so we returned to the inn

“uu,im back zo”(gant)

Tl:uu read as O!

Same as yeserday Maria-san was at the reception desk

“Welcome~back,yuma’s work was over pretty quickly ne~”(Maria) “Yes,Maria-san why did you ask that so suddenly,well tomorrow i am heading to furoks so i’d like to stay one more night today,is there a room available ?”(yuma) Maria-san was little shocked for a second

“Ar~a yuma you are back and here i thought you left already,aunty here was a little shocked but not to worry,so then will it be the same room as yesterday?”(Maria)

“Yes,that will be fine”(yuma)

“What about of dinner?”(Maria)

Of course,I am starving

“Thank you.I’d love to eat dinner before i leave this village.”(Yuma) Then Maria-san gave a huge smile

“Ara~ara come here for a sec and let me twist your arm a little ne~.then dinner and a room for

a night will be 3 coppers su~”(Maria) “Yes”(yuma)

and so i took 3 coppers from my pocked and handed it over to Maria-san “Yes then dinner is the same as yesterday and the room is the same as yesterday.will that be okay?”(Maria) “No, thank you.”(yuma)

So after speaking to Maria-san i went up the stairs and back to my room just like yesterday “Fu~u What will i do from now on.Lets look at the Status Board for now”(Yuma) Sato Yuma level24

“O Awareness skill is increasing!This seems to be an usefull skill.I probably got this skill

when grace was hiding behind the door at the village heads house that much is obvious.

The rest of the skills have not changed that much but i think its about time to study more about

magic.If possible Wind magic or Dark magic Either of the two seem to suit my battle style.

Well I do not know what to do after this We left to the village manager's house early in the

morning and finished errands so I am free until dinner time.

Even if I prepare for the trip, the water will be magical and the meal will be no problem because there are still a lot of papugo-fruits and rabbitsu in the item box.

Well then what now?"(Yuma) By the way, I did not gain a level for a while now Now then shall we go for Monster or shall we rise steadily TI:I known there is a monkey-ish thing mentioned in this sentence in the raws but it is hard to judge what exactly it is if anybody gets it.Fell free to Correct Me

ここらでいっちょ魔物でも狩ってレベル上げでもするか

But I don't know if there are Demons or monsters near this village.

"Well for now,i can ask gant-san about it"(Yuma)

Yoshi (Alright) shall we get it done quick?

and so i left my room and went down the stairs

O gantt-san was here that was good.

"O yuma,whats wrong ,was there something that you wanted ?"(gant) "No, it's not as much as an errand.Were there any monsters around the area?.I was plannning to go hunt a little."(Yuma) "Ma~a There is.Will yuma be going alone?"(gant)

Naturally There is no one else together with me as a Party member of course right.

Ma~a To be honest the way i fight cannot be done together with a PT member "Yes i will be going alone"(yuma)

"I guess it's okay if you are alone ...

After all you were able to take care of the three thieves alone!"(yuma) Why is it like?Isn't that a little bit rude

"There are monsters around here but i don't think there are any that are of your level.

There are Silver wolves but ma~a if it's you i think you can handle it without any

problems”(gant) Fumu silver wolves was it the same thing that i had for dinner yesterday it was really good
i want to hunt it.

“I understand now then I am going out for a while outside the village so I will try to get back before dinner.”(Yuma) “Don’t put yourself into much trouble,
no matter how strong you are,
don’t let your guard down and since there’s no 100% winning in a fight”(gant) Sure Enough
“Yes,Then ill take my leave”(yuma)

So I left the inn and walked to the village gate
A gatekeeper who remembered when I came to this village at the gate was standing there “Sorry,I’d like to defeat demons outside the village, but is it okay?”(yuma) When I say so, the gatekeeper becomes nervous.

“Yes of course I am OK! And I heard that you knocked down the thieves.Thank you very much for your help!”(gatekeeper) Hmm, did the story that I defeated the thieves spread out?
I see, no wonder there were that many people who looked with favorable eyes when I went to the village head house in the morning “No, It’s just a small matter of course,so I’m going.I guess I think I will come back by the time the sun goes down.”(Yuma) and So I left the village to find monsters

Episode 25 - Silver Wolf

Fu~u I walked quite a distance.
Its been some time since i left the village and came here to the forest but i still haven't
found even a single monster.

“Ha~a Here i thought i could find them easily but don't tell me they are really rare to find?”(Yuma)

At that momment there was some moment withing the bushes in front of my eyes.

“O oyoyoy! If the first thing i meet is the silverwolf then it will be greatly appreciated though”(Yuma)

Let me check and confirm for a bit,Somehow it seems to be eating grass,Is that a monster?

“Oioi im tired of seeing you..rabbitsu”(Yuma)

So it was the rabbitsu which i had killed tens of it in the Fairy forest.

“Ma~a Well it is a monster when defeated which gives me 20 times the experience and it is quite
tasty as well though its been a long time lets do it.”(Yuma)

And so i took out the knife from my pocket

“So then its been a while since i last fought but its better to be safe then sorry-“(Yuma)

Its still eating grass in front of me so i guess using sign isolation would be a waste
and it consumes MP well i guess its better to save up whenever possible.

“...Lets do it”(Yuma)

And so i slowy rushed to back of the Rabbitsu which was still eating grass and with reasonable
power on my knife i swept it towards its neck.It sank easily and deeply into the

neck of the rabbitsu without any resistance or noise
it went down.

“Un it was too weak .Ma~a lets look for the next monster then”(Yuma)

And so i resumed looking for the monsters.

And so after a few more rabbitsu were taken down the target prey finally
appeared before my eyes

“Its proably not that.un its just a wolf which has white fur and is slightt bigger
than a regular

wolf Ma~a i guess its not it but for now lets take it down”(Yuma)

now it would still not be my match even if i were to fight it from the front.

Ma~a its still my first lets do this seriously.”(Yuma)

I activate Sign Isolation and held the knife in my right hand and my
preparations are over.

“...Lets do it”(Yuma)

And then i jumped out of the grass and moved to the side of the silverwolf
and stabled my knife

towards its neck..

“Fu~u Its seems that it worked.Its always the same so its a little boring but
Ma~a its

my fighting style with cetain kill for the opponent,i guess it can’t be
helped”(Yuma)

Ma~a This is my first silver wolf lets take out 5 more before i return back.
And i continued to do so and was able to get 4 others down and there is a 5 one
in front of my
eyes.

“Yoshi(Yess) lets take down this guy with a twist.i’ve been wanting to use
magic experiment for
a while,shall we try it.How about wind magic like an air slash or somekind of
felling like that?”(Yuma)

And then a small wind blade appeared on my palm

“O Looks like i was right,Lets try it out”(Yuma)

And i stood in front of the silverwolf while in the state of sign isolation
Then i extend my palm towards the silverwolf.

“Air Slash~!”(Yuma)

And at that moment a blade of wind of 1m flew towards the silverwolf
its speed was faster than the maximum speed of fireball.
and Silvewolfs body was literally split into two.

“Oi too bad i can’t hand over this guy as present to Maria-san right Ma~a
For now lets put into the itembox and have it someother day.”(Yuma)

Even so

“Airslash magic is too awesome there are almost no drawbacks but isn’t the
killing ability
a little high?It seems quite difficult to capture it alive but it is an enemy and
theres no
need to catch it alive but is it ok to just kill it”(Yuma)

I feel like a Supreme villain right but Ma~i~ka

“Then how to check the goals completed Oops?Lets check with the Status
Board....”(Yuma)

this,quite satisfied.”(Yuma)

Yosh,i guess its time to head back to the village And so i returned back to the village.

Chapter 26 - Recovery Magic

I arrived back at the village after several minutes.
Then i saw the figure of the gatekeeper who was looking around the sorroundings carefully.
He seemed like a serious person.

Did he notice me, Gatekeeper-san bowed his head towards my direction.
“Its good that you returned safely. Was the result of the hunting good?” (Gatekeeper)

“I was able to defeat rabbitsu and about 5 silver wolves” (Yuma)
“Whaat! To be able to do that within such a short time!
No wonder the thieves who escaped even from the B-rank adventurer-sama was even down by you!
I revere you” (gatekeeper)

Fumu. Ma~a all this sounds quite strange. Ma~a them being taken down seems to be uncommon.
If it was easier to defeat them then of course you will win.

“Nono, It was naturally what i was supposed to have done yo” (Yuma)
“To say such accomplishments as simple thing! What a humble person! I want to be like that in the future!” (gatekeeper)

Somehow its quite tiring to have a conversation with this person...
“I am a little tired, so how about i enter the village and have a rest?” (Yuma)
“ex.. Excuse me Can i ask you a question?” (gatekeeper)
“Yes what is it?” (Yuma)

“Can i have your name! oh my Name is Paras by the way” (gatekeeper=paras)
TL: Pokemon Mushroom species?

Fumu when you learn about the persons name you will be able to understand

the person a little better,yes yes

TL:Yes Yes = Un Un

“My name is Sato Yuma.Please call me Yuma Paras-san”(Yuma)

“Thank you very much! As the benefactor of this village,i will forever remember Yuma-san! I am sorry to keep you waiting,Please go in”(Gatekeeper)

Fu~u i was finally able to get into the village.

Paras-san is a nice person,but i am a little tired....

By the way when i first entered the village,i did see a weapons shop right.

So as i remembered the path to weapon shop, I headed towards it.
It seemed to quite near so i was able to arrive there quite soon.

“Welcome! Please take your time and have a good look!”(Oba-san)
Tomorrow i will be leaving so lets see if there is anything that i need.

It was an energetic oba-san(Aunty=Young Woman)
But i was a little troubled There was various things but i was unable to understand what was what
I could understand what was what if i used but there were a lot of things and checking each one would be hard...
I don't have choice but to ask.

“Excuse me,I will be going out of town so could please tell me what are necessary things i would required? I have Food and water ready”(Yuma)

“Then it would good to carry a potion ne! On the way who knows what would be there ne! If you cannot use recovery-magic then potion is essential sa!
We do have Lower tier recovery potion yo,by the way the price is 1 copper”(oba-san)

Scratches and small wounds can perhaps be healed using the potion.Then 2~3 of them might suffice.

“Understood.There Lower-tier Recovery Potions Please! and could you also tell me how to use the potion ne”(Yuma)

I took out 3 copper coins from my pocket and handed it over to oba-san.
The oba-san handed me 3 bottles containing light blue water in them.

“Thank you for your continued patronage! There are two ways to use it, Either drink it or sprinkle it over the wound! If it's a small scratch apply it directly. If you feel sick you should drink it!” (Oba-san)

TI: Kinda like a status heal and low heal

“I see. Thank you very much for your help” (Yuma)

“I don't mind as you can see sa! Besides compared to person who saved this village it would be rude if I wasn't able to at least this much” (Oba-san)

This Oba-san knew that I was the one who defeated the thieves

Somehow this news seems to have spread to various places but Ma~ it's ok

“Then I will take my leave. Thank you very much” (Yuma)

And so I left the Weapon-shop.

I am glad that I was able to buy the potion before I left.

Well then there is no other place to go, I will return to the inn and give the souvenirs.

And I was able to come back to inn safely

When I opened the door to the inn, I heard a loud voice.

“Yo Yuma you seemed to have returned safely, you seem to have not been hurt as I can see!” (Yuma)

“Yes I was able to successfully defeat 5 silverwolves, and so I would like to share this with you since I am indebted to you, are you ok with this?” (Yuma)

“O! Thank you for this Yuma” (Gant)

“No no, thank you for taking care of me and also I was able to successfully drain the blood I think but otherwise disassembling further is probably not required” (Yuma)

“Ah If you hand it over to Maria that would be fine, she'll be able to clean it up in a jiffy~” (Gant)

Seriously Maria-san is Amazing

“Then I will hand it over to Maria-san ne” (Yuma)

“Oh! Maria should be in the kitchen right now, she should have heard me

when i called out to you”(Gant)

Actually where is the Kitchen

“Mari~a-san~~”(Yuma)

When i called out,Maria-san swiftly came out

“Ar~a Yuma-Kun welcome home,I thought you would be coming home later but your quite early,your not hurt right ?”(Maria=Bishoujo Oba-san Lady)

“Yes Im alright,by the way i was able to take down 5 of the silverwolves and for taking care of me please take this silverwolf.The blood has been drained so only dissassembling is necessary”(Yuma)

“Ar~a! You shouldn’t have and your not a stranger,but still thank you,i will good use them.Et~o(But) can you take it out?”(Maria)

Did Maria-san knew about my item box,Ma~a she probably heard it from Gant-san.And so i took out the biggest silver wolf! that i had hunted and gave it to Maria-san

“Ma~a a pretty reputable Silver wolf,this is yuma’s last dinner in this town so lets make it luxurious.

I did it

“Thank you very much.Then i will go have small rest at my room.I will come down during dinner time”(Yuma)

That said i went up the stairs and was about to go back to my room.
when i was about to i saw mary holding a tray

“A yuma-san welcome back.I thought it would take a lot more time by chance did you fail?”(Mary the Loli)

“Iy~a i was able to properly take down 5 silverwolves yo,Just now i gave one of them to maria-san yo”(Yuma)

“Uw~a Yuma-san is really strong,thank you very much for sharing the wolves”(Mary)

“-I think that it was reasonably strong though,and i am going back to my room for a slight rest,

i will come down again during dinner time”(Yuma)

“Ok”(Mary)

And so i parted with mary and went back to my room to take a rest

“Fu~u i was little tired,and so what to do untill dinner time”(Yuma)

Come to think of it,what that weapon-shop oba-san told me made me a little curious,How-to Recovery magic shall we have a try”(Yuma)

“If you say recovery magic then this is this right (Heal) “(Yuma)

The tip of my palm started shining and was successfully able to activate Recovery Magic

“O..OH~! I was a little tired before but i feel completely fine now~! Apparently scratches are not the only thing in this world that can be healed even the tiredness of the body can be healed.

How convenient it is,Ma~a the Mp is still decreasing though but for my recovery level this is quite enough.Recovery Magic successfully gained.This will make the journey quite easier.But if there is recovery magic,the Potion is not required i guess but Ma~a lets use when there’s no MP.But still thanks to that Oba-san i was able to obtain recovery magic.

However 3-copper were well used for shopping.”(Yuma)

Well then,the tiredness was reduced but still what to do untill dinner time ka

Chapter 27 - Lets Depart

Its been about an hour since then,-the sun is starting to set.

Is it almost time?

so I thought and raised my lying body

“Alright,Its almost time to go.Im really looking forward to todays dinner. From tomorrow it will be long trip with grace-san,it will probably be a simple meal from now on”(Yuma) I will eat until my belly is full! So I though as I proceeded to the 1st floor.

It was already pretty busy on the 1st floor.It looks like it more crowded than yesterday, is there be a place for me to sit....

Will I was looking nervously for a place to sit...

“Au,Yuma-san. Over here, Over here, I already reserved a seat for you so come over ~ne”(Mary) Umu,Mary is a nice child, wonderfully done.

“Thanks mary,let me sit down. Still it was not this lively yesterday. Did something happen?”(Yuma) “It is because of Yuma-san yo, Everyone has gathered to see Yuma-san before you set off desu~yo”(Mary) Because...of... me!!

So that’s why,I thought it was my imagination that everyone was looking at me. then gant-san is

“Ou,Everyone ! This is the person who defeated the thieves who had escaped alone, this is Yuma-san! He is about to go on a journey tomorrow so everyone should thank him now yo!!”(Gant) “OO OO OO!!”(everyone)

“Not bad kid! Even with that body you did a good job!”(villager 1) “Don’t tell me you defeated them all by yourself so that’s why people say that you can’t judge people by their appearance! Thank you for saving the village!”(village x 2) “Although my son is not as young as you...but he is still good! I would like for you to take him as your apprentice Ze!”(villager headache) “Although I am not that beautiful...how about spending some time after this with me?”(villager xxx)
TL:I think that was a gay person.right?

Umu Everyone seems to very nice. There was one strange person but lets ignore that.

I feel like I shouldn't mind that. And so I put that aside

"No NO, It was only natural that I did what I did. And also im 25 years old and Thank you very much"(Yuma) It goes without saying that the surprised screams then rose

While I said that,Mary came over.

"Something nice happened ne~ ,then Yuma-san here is today's dinner,Silver wolf stew along with One plus sized silverwolf steak and a salad as yesterday~"(Mary) Uoo,That's an amazing volume and the soup today no it's a stew....

Umu it looks like im about to droll just by looking at it...it looks irresistible.

"So then I will get back to work, Please take your time and eat slowly. After you've had your dinner please leave the dishes as is."(Mary) so then, I cannot stand just looking at the dish.

And I started to eat without stop.

And by the time I noticed all the dishes that were in front of me were completely empty.

That was the the best...It was really tasty...

Well my belly seems to be protruding(swollen) I think its time for me to go to bed.

"Mary, The cooked food was delicious. I think it was the best that I had ever eaten ever since I was born. It will appreciated if you could tell this to Maria-sans cooking was the best"(Yuma) "Thank you very much. I think that my mother would be delighted if you say it to that extent!"(Mary) "Then I will go back to my room and sleep. I will see you tomorrow.

And so I left and went back to my room (TI:Yes that's kind what the raw says) After I entered my room, I laid on the bed.

I Heard that it was bad to sleep soon after you eat.

"Fuu~ . It was really tasty. To be honest just was eating this dish it was Worth it to visit this village. I also met a lot of good people.... I suddenly thought what

the thief would have thought if he knew that I came from another world but this is not bad... .But still tomorrow is farewell. I feel a bit lonely.”(Yuma) I would like to visit this village again if I have the opportunity. While thinking such a thing I ended up sleeping...

.....

The next Morning

“Alright .I was able to wake up on time. Let’s eat breakfast for now and head to the meeting place where grace-san is”(Yuma) After checking that there was nothing that I left in the room, leaving the room I proceeded downstairs and it seemed that Mary had already working.

“Aa, Yuma-san Good Morning~. The breakfast is being made, so please have a seat and wait ne~”(Mary) “Oh, I understand”(Yuma)

And then in a few moments

“Sorry for the wait, Here is your stew and bread yo”(Mary)

Oh, yesterdays stew right? That’s nice , that’s nice.

“Thank you”(Yuma)

Al~right Lets start, Un tasty.

I finished eating it in just a few minutes.

“Fu~u, It was delicious”(Yuma)

Ok, I suppose its time soon right, and so I stood up from my seat.

“Yo Yuma, Are you leaving soon? .If it’s you kid you will make it. I pray that you reach forksu safely. OOoi Mary,Maria Yuma is about to depart yo”(Gant) Then Maria-san and Mary came out from the kitchen.

“Yuma-kun you already leaving ne, please don’t get into trouble and stay safe.Oh– That’s right. If your going to forksu then for an inn you can go to Zinia. It is an inn that my sister owns. Perhaps due to my referral you might get a discount. Oh by the way my sisters name is Saria yo”(Maria) Alright maria-san’s sister who owns a inn in Zinia, Let’s remember that.

“Yuma-san already leaving~.It will be lonely~.Yeah that’s right”(Mary) Suddenly Mary started to make hand-signs saying come.here, come here.

I wondered why, I went near Mary and brought my ears closer and Mary said in a low voice.

“I will not let my father know that Yuma-san peeked into my skirt”(Mary) This person!!!! She definitely noticed it!!

I was watching Mary with Surprise.

“E e e, Yuma-san you must be getting late. Also keep coming by this village to play again na”(Mary) Too cute...lets forgive this matter.

“Thank you everyone, If I have the time I will drop by again please take care of me then. Then I will take my leave”(Yuma) And so I left the inn.

U~n This place was a really good place, Everyone was really nice let's get together again.

“Well then, It's almost time, I guess grace-san is waiting so I think I should hurry up”(Yuma) So I thought and headed towards the gates for the meeting point.

And grace-san was already there. Have I kept him waiting for long “Sorry grace-san, Did I keep you waiting?”(Yuma)

“No. I was here early. It's not a problem”(Grace)

“That was good, then shall we”(Yuma)

“Ou, then we shall depart!”(grace)

and so me and grace left the village.

Chapter 28 - Journey

For several hours after we left Baris village, we kept walking relative relaxed.

It's boring, I wish there was something to do...but that isn't possible, right?

So, Grace-san-san spoke out loud what he was thinking,

"Come to think of it, why was Yuma in that forest?"

Why I was in the forest...huh. I can't just say that's where I came to from another world.

"I was hunting over there, yo. The Rabitt in the forest are really delicious, ne."

"Indeed, they are really tasty. Especially, when roasted over the fire, it's quite exquisite."

What was that... how to eat it?... Indeed, it is quite exquisite.

By the way, does Grace-san not go around in a party?

"Yep, they are delicious. Does Grace-san enjoy it with your party?"

When I asked that question, Grace-san was a little troubled.

"A party huh...I was in a five member party awhile ago. But, conflicts arose between us... and I was a little injured then."

U~wa...this was definitely something that I should have not touched upon... seeing a bitter smile on my face, Grace-san told me to smile a little.

"What? When I say a little while ago, I mean a few years ago. It's in the past, so Yuma shouldn't be that bothered by it. I was the one who chose to go solo."

(TL: Although raw says alone, solo adds a better ring to it)

It felt like Grace-san was trying to forcefully control his stirring emotions with his will and behave himself.....but I can't pry more into this matter since Grace-san has told me not bother him about it, this is the end of the story.

"That's right. Is Yuma not in a party?"

"Aa, I think I will not form a party for a while because my skill set is quite special. It is not suitable for fighting together in a large group or a party."

“I see. It is a good thing to not tell others about your skill set especially if it falls in range with a special skill. That's the best way to be safe because no matter what happens, you cannot believe a person with 100% confidence.”

That’s right, that’s right. Especially because my skills seem a bit too OP, although weak points do exist. One of them is a wide-area attack (AOE). Even though I can make myself disappear, it would be easy since the attack works on a wide area.

After that, we walked the path while occasionally talking about this world's basic knowledge.

Night approached after walking for a few hours.

“Alright Yuma, That’s enough for today. Let’s camp here for tonight.”

“Understood. What should I help with?”

“Yuma can stay here. In the meantime, i'll go pick up the firewood and make a fire.”

Hmm? Firewood for a bonfire? Then, there should be enough in the Item Box.

“Grace-san, if you don’t mind, I have a lot of firewood.”

“What? Where have you kept it....wait, Yuma, can use the Item Box magic?”

Grace-san knows that I can use Item Box as well, huh. Well, maybe Gantt-san may have told him about it.

“Yes, I will take out a considerable number of pieces of firewood.”

I take out two times the number of trees I used at the cave.

“Oh? If it's this much, it will hold out until tomorrow morning. Then, what we need next is fire. Ah~yes, I have the magic item that I brought from the town.”

He~h, there are magic items that make fire, huh. So, there is such a thing as magic items ma~a, it's fine. Moreover,

“I know how to use fire magic, let me help out.”

“Seriously! Aren’t you like a cheat person? Ma~a, since you soloed the thieves, I thought you were quite strong, but this is too much, ja`~a. Well anyways, thank you Yuma.”

I succeeded in creating a fireball and used it to make a fire.

Alright, success on the first try...Since I have not use fire magic lately, I thought I would not be able to do it...I was a little scared.

“Thank you~, Ja~a. For now, shall we have food? Ha~a, it's probably portable food huh.”

“Is there a problem?”

“ A~ Nothing, there is just not much nutrition in this stuff. I don't even want to....and also the taste is really bland...”

Are you serious!...I don't want to eat such journey food. I want to eat as much tasty food as possible!

“Grace-san, I have a lot of Rabitt and Papou in my Item Box, so~ let's eat that together.”

“O~ Are you telling the truth? I can eat it with you right!?”

As expected, the food is really bad, and me eating this kind of delicious food in front of people that had no choice but to eat portable food (jerky) is really messed up. I am not that bad of a person, yo~

“There are no problems as there is more than enough Rabitt and Papou in my Item Box. It's not an amount I can finish alone, let's have it together.”

“Thank yo~u. I thought from now on until we reach the next town, we would be stuck having jerky for several days, but we are saved. Hey, Yuma. Do you want to form a party with me?”

No, I wouldn't.

(TL: Literal translation of 組まねえよ= sumane yo. But it wouldn't fit with the above lines so I made do with something like a tsukyomi)

Then, we had a delicious meal made from Rabitt and Papou.

While we had the dinner, we talked about this,

“Come to think of it Grace-san, The town we are going to, Forxx, exactly how is this town desu~ka?”

“A A~a, the Rabitt barbecue was really good.....Ah, Forxx huh. It's a really nice

town, ze.”

Forxx magic academy? Perhaps it's like a school which teaches magic....Ma~a, it doesn't have anything to do with me, since i'm not interested, neither do I feel like going.

When we were talking about this, we are able to finish our meal.

“Fu~wa I really ate a lot. Alright then, Yuma for today we shall camp/sleep here since there is unforeseen danger, it's quite natural that one of us must stay awake for periods at a time while the other sleeps. Well, we will split the times into.... Ma~a four hours each. So, Yuma, what do you prefer? Want to sleep first? Or sleep later?”

Fumu, the order of nightwatch huh. Well actually, whichever is fine Ma~a, i'll take the first one.

“Then, i'll take the first watch, thank you very much.”

“All right, I understand. Then, i'll go to sleep first, but be careful not to put out the fire, well, if it's you, you can use fire magic to re start it just fine. And also, if anything happens, make sure to wake me up, don't take action alone at any cost. Do you understand?”

Well, it's like he is teaching a kid...Ma~a, it's the first time i'm standing night watch, so It can't be helped.

“Yes, I understand! If anything happens, i'll make sure to wake Grace-san up, please help me out then, yo.”

“All Ri~ght. I'm going to sleep....so until then, Yuma, please take care of me.”

And then, Grace-san went to sleep and in just a few seconds, I could hear sounds of snoring.

What is with this person~? He fell asleep really fast!

No...no, this may be a normal thing for adventurers. They will fall asleep soon, so that they can restore their physical and mental condition pretty quickly.

And so, Grace-san went to sleep and I was the only one left awake.

I looked up toward the sky and it was beautiful. Even if it's another world, it is

really beautiful.

It was the first time I saw the night sky like this, because I always stayed at caves and inns so far.

And so, I shouldn't forget that when I look at the night sky like this, that I am not of this world.

What might be going on with my original world...?Are my father and mother glad that a hikikomori like me has ceased to exist...? or are they at least a little sad...?.

While I was turning homesick, the night slowly passed.

Chapter 29 - Arrival

“Oi! Yuma, wake up, it’s morning. It’s almost time for us to set off, zo.”

And so, with Grace-san’s voice, my day started.

“Good morning, Grace-san.”

“Oo~, you slept well, na. It's not easy to fall asleep easily, but it seems I do not have to worry about that with you.”

“Yes~, I was able to sleep soundly.”

“Isn’t that good. Well then, it's time for us to set off.”

“Yes~s.”

We started to move at the same speed as yesterday.

Come to think of it....

“Grace-san, if we continue to move at this pace, when do you think we will be able to arrive at Forxx town?”

“That’s right. We should arrive in approximately fix~six days.”

Fumu, it will take some time, na..... Ma~a, it can’t be helped, ka.

And so, while we were walking, I realized something was abnormal.

“Grace-san.”

“Ah~ Yuma also noticed it as expected, na, there seems to be two goblins over there.”

“I’ll take care of it.”

“No, i'll take care of it. I didn’t do anything against the battle of the thieves, so if this keeps up, I might lose my edge. Goblins are a little bit unsatisfactory, but Ma~a, it can’t be helped. Yuma, you can watch from there.”

“Understood.”

Fumu, This may be a nice experience. You can see a battle between a B-Rank adventurer up close. Goblins huh, even for a second, let’s look if its high level.

{Appraisal}

Goblin

Level: 7

Strength: 19

Endurance: 14

Agility: 11

Luck: 2

Really weak, It's probably weaker or equal to that of the Silver Wolf.

Grace started running toward the goblin while I was appraising it.

“Let’s go~o a~ a~ aH~”

(TL: Not those sounds, it's kind of like a battle cry)

It’s just a little fast, ja~na. It’s a little faster than Rarudo.

Grace runs until he reaches the Goblin, and pulls his large sword out of it’s sheath.

“Here you~go!”

“Gyaaaaaaaaa!”

And just like that, the Goblin died.

Another Goblin tried to defend itself with the large club that it had, it was split in two, just like that.

What a powerful slash.....

“Next~~”

And as I was thinking this, he ran to the next Goblin with the large sword in hand and cuts up the next Goblin in the same way as before.

Fumu~ I was not able to study, na, the opponent is really too weak and the battle style is also not suited for me.

Grace-san shakes off the blood on his sword while sheathing it and walks back here.

“Grace-san, thank you for your hard work.”

“Ah~ As I thought, Goblins are no good, ja~a. There is really no resistance to the point of it not even being a workout before dyin~g. I wonder if demons or at least slashers come out.”

Oi, Stop it. What's with raising the flag with this guy? This stupid muscle brain bastard.

(TL: Literal translation, kono kusunooji= like old uncle ‘like perverted uncle/muscle brain uncle’)

“Isn’t it ok? This is peaceful. Let's go peacefully,~ peacefully.”

“Yuma is pretty strong, but you do not like to fight, na.”

“That’s right. I don’t like fighting in vain. Ma~a, if you’re a thief I would fight very happily, ne. After all, bad people are not good, desu~.”

“Oh, if it's like that. And so, Yuma, can you put this Goblin into your Item Box? If you can’t, then that’s fine too.”

“Oh, its ok. I will put them in.”

“Thanks, yo! Then, shall we go ahead.”

Once again, we proceeded peacefully.

At Night,

“Alright. This is enough for today, shall we have dinner?”

“Shall we have the same as yesterday, Rabitt and Papugo, ne?”

“Ah! Thank you very much, Yuma. When we reach Forxx, i'll treat you to something good, ze!”

Ho, that would be really nice, na. Let me ask for something of high quality, ka.

“I will treat you, but it should be not high class.”

Che~.....it was noticed huh.

“What, don’t go feeling bad about it. I said I would treat you, but I can't treat

you to something pricey, since I am really not that rich, na.”

“Why is that. ka? You were able to safely protect the village and you even defeated the thieves.”

“No, I was able to stop the thieves but I let the leader of the thieves get away. It was a failure because of that.”

There was such a thing.

After eating the meal,

“Oh yeah, Yuma. What are you going to do after we reach Forxx? Are you going to continue to be an adventurer? You are pretty strong, so I think that would be ok, ze.”

“That’s right, for the time being, I think I will be an adventurer.”

Grace-san heard what I said and started to laugh.

“Ah! I see, I see! Then you will be my junior! I will teach you various things, so be prepared, na!”

“Yes, at that time, please take care of me.”

“Very honest, huh. I'm really sorry, na.....Ma~a, if there is something you get troubled by, you can tell me! If I can I help, I will help you as much as I can, yo!”

“Understood.”

I really want to reach Forxx.

While I was thinking that, I was awake at night.....

After about six days, there was no problems as we progressed peacefully.

It was the best that there was none.

“Alright, Yuma, it is about time. Probably, we will reach there by the end of today, zo.”

“Indeed, I understand.”

Fu~u, we will probably reach Forxx by the end of today, huh. As expected, walking for seven days was really tiring.

When I reach Forxx, I need to complete the matter of the thieves and rest for

a moment at the inn Maria-san's sister runs, na.

While I was thinking such a thing, I could see the a forest in my sights.

"Grace-san. Why is there a forest in such a place?"

"Ah! That forest over there, huh. It is quite famous close to the town, but it is called stone forest, ga."

"What happened, desu ka?"

"Ah, let's not approach that forest as much as possible. The monsters that inhabit that place are also quite weak, but there is particularly nasty monster over there."

Ho, There is troublesome monsters over there, huh. If you go that far to tell me, then I would feel quite curious about it.

"What kind of a monster is it?"

"Ah, it's name is cockatrice. It looks like a combination of a snake and chicken, but it does have a nasty poison which turns the body into stone."

He~e.....That is quite troublesome.

"Is that poison unable to be healed with the help of Recovery Magic?"

"It is possible to cure. But, it seems that Healing/Recovery Magic of Level 3 or above is only able to heal it."

Recovery Magic Level 3 huh..... I only possess Recovery Magic Level 1, it seems better not to approach for the time being.

And after walking for a while,

"Oi! Yuma, I can see it, ze! That is the city we were looking for, Forxx city!"

Oi! Oi That is Forxx, ka, a gate, ke~e. The gate of the town of Baris is incomparable in front of this. It looks like unless it's something serious, it could not be broken.

"It's quite amazing, you can see that it is quite a big city, even from here, yo."

"Forxx is after all, the biggest city around here, na."

Probably, I will come to like this city.

But, can I find it, ka...?...to find something in this city, it is going to be quite hard.

Roughly eight days after leaving the town of Baris village, we were able to reach the city of Forxx safely.

Chapter 30 - Encounter

Grace-san and I reached the city of Forxx safely.

But honestly, this city had a really big gate. If it's this big and strong, it won't be broken that easily.

As I was thinking such things, I heard the voice of the Gatekeeper,

"Welcome to Forxx, can you please show me your proof of identity?"

"Ah! This my Adventurer's card."

"Fumu. Yes, this confirms your identity of being Grace-dono, does the boy have something for identification?"

This is bad, I don't have anything to use as a form of identification. If it's come to this, I can only use Sign Isolation.....

"Ah, I can vouch for his identification. Also, Ossan, his age is twenty-five. At least please don't call him a boy, he is not at the age for him to be called a boy."

Oh, Grace-san seems to have resolved this.

"What! I'm really sorry for the mistake. Then, with this, we have confirmed your identity through. Please don't cause trouble in the city as it will affect Grace-dono. So, we request you to act with caution."

This, I was saved thanks to Grace-san.

"Yes, I understand."

"Then, please come this way you two, welcome to the city of Forxx."

Finally, we were able to get into the city.

"Grace-san, thank you very much for your help!"

"Don't worry about it! But, you're not planning on causing any problems right?"

Ma-a, I don't have any intention of doing that.

"Were in. Yuma, what are you going to do now? I am heading to the

blacksmith to get my weapons repaired.”

“That’s right. For now, I have no plans as of now. So, I am going to tag along with Grace-san.”

“Alright, I understand! Ja~a, follow me properly or you might get lost.”

Mu, I am being treated like a child again. Ma~a, I can't help it since I don't know anything about this city at all.

“Understood. I will try not to get lost.”

“Then, let's go!”

And then, after ten minutes or so, we reached the blacksmith.

“Ossan! You look well!”

Then, an old man came from the back of the shop and this old man was huuuge!

“With such a huge voice, I can hear you just fine from the back!! So then, what is it going to be this time?! Do you want to buy and sell weapons or do you need a weapon repaired instead?”

“He~e, you're also buying weapons just like that? What are you going to use it for?”

“Ah, this time it is weapon repair, I think there is a little wear. The feeling of wielding it is a little weird now.”

Is it maybe because of the Goblins?

“Let me see! Hmm, hm..... If this is it, it will be fixed in about five days. Come back after five days and it should be finished.”

“Alright, I got it Ossan.”

“And the kid over there, do you have some business with me?”

It.....that's right.

The Item Box has weapons that were dropped from the thieves, will he buy them?

“Excuse me. I'd like for you to purchase my weapons. These were originally

the weapons of thieves, is that okay?”

“There is no problem. I don’t care who it used to belong to in the past. Where are these weapons you speak of?”

“I will take it out now”

And so, I took out the two copper swords from my Item Box. As for the throwing knives, let's keep them for now.

“Hmm, these two are copper swords.....it's about two silver coins for both of them together.”

Well, if you say two silver coins, that’s about twenty copper coins, that is worth quite a bit.

“Then, if you please.”

So, I handed the two copper swords and received two silver coins from the Blacksmith in return.

“Are there any other errands that need to be completed?”

I don’t really have any more business.

“Nothing in particular.”

“Alright, then I guess we are off. Bye Ossan, i'll see you after five days then.”

And then, we left the Blacksmiths place.

“Alright, the weapon repairs are done. Now, it's time to head to the Adventurers guild!!”

“That’s right. I still have to receive the rewards for the thief subjugation and register for being as an Adventurer.”

“I am going to report about the request. Ah, damn, I really don’t like to report my failure.”

Ma~a, nobody would like to do that.

“Alright, I am going to head to the guild. The guild is relatively close and not that hard to find. Well, if you get lost you can find it easily. I am going to go on ahead.”

“Understood.”

Then, in a few minutes,

Me and Grace were splendidly separated.

Damn, there are too many people around here. I can see the guild from here, but it is a little far away.....

While I was thinking such a thing, I bumped into a little girl.

“Excuse me! You're not injured right?”

“Ah, Yes! I don't have any injuries.”

This girl is really pretty, she has beautiful blonde hair which drops down to her shoulders. Her eyes were lovely and gave a cold glare, but even more than that.....i.....

“I'm sorry, i'm really in a hurry.”

As I lowered my head to speak, the little girl had already ran past me.

I was looking at the fading figure of the girl when I noticed that her face looked familiar...

She looks like the little girl from Baris village, the daughter of the innkeeper, Mary.....

Chapter 31 - Request

Who was that girl? She was a little too similar to someone else I know.

Oh yeah, Maria-san said that she had a sister in this town. Are they probably related?

Ma~a, I can't help it even if I wanted to right now. Grace-san might be waiting for me, let's just go to the guild for now.

After a few minutes of walking, I was able to arrive safely at the guild.

I opened the door and entered inside. Hmm, I feel like I'm in a tavern.

There are some tables and a beautiful receptionist behind the counter.

There is something like a bulletin board beside the counter that is filled with posts, there might be a place to apply for requests nearby too.

When I was looking at the various things in the guild, I saw a familiar face.

It is the girl who resembles Mary-chan very closely, looks like she had some business at the guild, is it a coincidence?.

Let's ask her about it later.....

"Oiii, Yuma, this way! Let's finish the matter with the thieves first."

I heard a familiar voice, it's Grace-san. Yup, it seems like he arrived at the guild earlier than me.

I walked toward where Grace-san was at.

"Sorry for being late."

"It's alright, I don't mind. More importantly, let's finish that matter first. "

"I understand."

And so, we proceeded to the Receptionist Oneesan.

"Excuse me, I am here to obtain the reward for the subjugation of thieves. I believe the thief leader went by the name of Red Eyed Lord?"

The Receptionist Oneesan was a little surprised when I said that, but seeing Grace-san who was standing next to me, she was convinced.

“You defeated the Red Eyed Lord? Ah, Grace-san must have helped you out.”

“No, I was the one who defeated him.”

“Please don’t lie, thieves are not ones that can be defeated by the likes of children like you who have not even obtained the Adventurer qualifications yet.”

What is with this Receptionist Oneesan? It is true that I have not become an adventurer yet, but it’s also true that I defeated him. When I was thinking about such things, Grace-san stepped forward.

“Oi, Receptionist, This guy is truly the person who defeated the Red Eyed Lord because I let him get away. And then, this guy defeated him.”

When the Receptionist heard this,

“So...I am sorry. I will immediately bring the reward, but do you have any evidence that you are the one who subjugated him?”

Yes. If it’s the corpse, then it's in my Item Box, but it's missing the head. If I bring the body out here, there is probably going to be some sort of commotion.

“Show the arms of the Red Eyed Lord, Yuma. His arm contains a tattoo which helps in his identification, that should be enough.”

I understand. And so, I took out only the arms of the Red Eyed Lord from inside my Item Box and showed it to the Receptionist Oneesan.

“Yes, this is unmistakable proof. Then, please wait while I retrieve the reward.”

Well, this seems to be enough.

“Grace-san, thank you very much.”

“Don’t say that for such a simple thing.”

After a few minutes, the Receptionist Oneesan returned with the bounty.

“Sorry for the wait. This is the bounty for the subjugation, two gold coins. Please confirm it.”

Gold coins!? This is my first time seeing them. If i'm right, then ten silver coins must be equal to one gold coin and ten copper coins is equal to one silver coins I did not expect to receive this much.

“Thank you very much!”

With this, it is the official end for the thief chapter. Then, all that’s left to do is...

“Excuse me. Can you please register me as an adventurer.”

“I knew it, you were really not an adventurer. Yes, you can you definitely register for being an adventurer. Then, can you please tell me your Name, Level, and your Job.”

Hmm, name and level is fine. What about my job? Yes, Assassin should be fine. I wonder if the Assassin occupation is ok.....?

(ED: That is where the title comes from, makes sense :D)

“My name is Yuma, Level is 29, and my occupation is Assassin.”

When I said that to the Receptionist Oneesan, she was a little surprised.

“Well, let me write this down. Name is Yuma, Level is29! Well, it is believable then that you knocked down the Red Eyed Lord in this case, and occupation is Assassin? It is an unusual occupation. What boost does your job provide?”

“Assassination.”

“Huh.....?”

“Ah, well..... it helps me in close combat with a swordsman as an opponent or any other close combat opponents.”

“I – I, understand.”

That was close.....close.

“Yes. That's the end to what we needed. The adventurer card will be ready in a few minutes, during that period, I will explain to you the rank system of the adventurers.”

“Understood.”

Well, first, the ranks of adventurers are divided into eight ranks ranging from F to SS rank, and all adventurers start from Rank F. The rank will go up with the amount of requests done or doing a corresponding job. You can obtain Rank A with only your combat skills, but beyond that you can only go upwards by receiving a special exam (request). Have you understood what I have said so far?”

“Yes, I understand.”

“Then, please continue with your work. Please note, if the request is obtained repeatedly and failed, then your rank shall be demoted correspondingly. You can only pick jobs one level higher, your same level, or one level lower than your current rank. Lastly, since Yuma has defeated the Red Eyed Lord thief, I can raise your rank directly to Rank C, would you like me to do that?”

Ho. Everyone starts at Rank F, but I can directly rank up to Rank C. Well, the Red Eyed Lord was pretty famous I believe, there is no reason for me to refuse the rank up anyways.

“If you can, please do so. Thank you very much.”

“Understood. Then, from today onwards, Yuma is a C-Rank adventurer. Please look around until the adventurer card is ready.”

Now then, everything is done. What shall I do until the adventurer card is done.....?

For now, looking at the request board should be ok.

I moved to the Bulletin board and looked at the F-Rank requests at first.

Hmmm, help required with home moving, collecting herbs. Cleaning the city.....Oi! Slime subjugation! You're there in this world, huh! That gave me a little tension!

However, it is only a low ranking request.

C-Rank requests....found it.

While I was about to look at C-Rank requests, I heard a voice,

“Why did you not accept my application for a request!?!?!?”

Such was the voice i heard. Wait, this voice.....

“Like I said, this requires an adventurer of B-Rank capability and Grace-san is the only B-Rank in this city and he is currently undergoing weapon repair. Therefore, there is no capable adventurer who can receive this request as of now....”

“But still, that baby is already approaching death, Pleaseeee! I will pay as much as it takes!!”

As I thought, she looks a lot like Mary. Why is she in such a rush though? So, I decided to ask Grace-san who was beside me,

“Grace-san, what is going on with that noise?”

“Ah, Yuma? That girl wants to issue a request, but there is no one to receive it. However, the difficulty is a B-Rank request. Currently, I am the only person in this guild who is B-Rank and I cannot accept this request since I have no weapon currently.”

“I see. I am a little curious what the content is of the request.”

“Aah, It is a cockatrice subjugation and retrieval of a cockatrice heart.”

I see. Ma~a, Cockatrice is a demon whose eyes can turn you into stone as you’ve already heard of. Considerable ability is required to beat it down.

But, I am a little curious, why does she require the heart of a Cockatrice...?

“Ah, this is the story I heard from one of my friends, one of her friends seem to affected by the petrification disease and very few medicines exist that can cure it. One of those cures happens to be the heart of a Cockatrice.”

I see. Truthfully, if that girl was a complete stranger I would’ve let it be. But, there are things about her that I am curious about.

I walked in the direction of the girl and asked a question curiously,

“Excuse me. Are you perhaps an acquaintance of Ms. Maria who is from Baris village?”

When I said that, the girl was surprised.

“Do you know Aunt Maria?”

I knew it.....

“Aah, a little while back I was being taken care of by them. And so, I wish to hear your story.”

“I don’t understand? Excuse me, but i'm in a hurry, so i'll say it briefly.”

“I’m thinking of accepting your request though.”

“.....Eeh?!”

If this girl is acquainted with that family, I can’t let this be. That family took good care of me.

Chapter 32 - Cockatrice

“Tr-truly, will you accept this request?”

“Ah, yeah, I will. By the way, my name is Yuma. Can you tell me your name? Can I also hear your mother’s name?”

“My-my name is Sari. Please call me Sari. My mother’s name is Saria. Pleased to meet you, Yuma-san.”

Maria-san had a sister named Saria was it.....?

“Nice to meet you, Sari.”

While I was speaking with Sari, Grace-san came over.

“Oi, Yuma, are you really going to accept that request? That Cockatrice is a tough nut to crack. Think it over carefully before accepting it.”

“I agree. I really don’t know anything about the dangers of Cockatrice. Actually, I don’t know anything about it or the dangers that come with it.”

“Then!!!”

“But, this is the daughter of Maria-san’s sister. That’s reason enough. Besides, I owe a lot to that family. Even if it's only a little, I want to help out. Besides, I don’t have to think much about whether I should help out or not. I don’t even need to think further.”

I really treasure my acquaintance’s. And so, I have to look out for them too.

As I said that, Grace-san made a face as if he gave up.

“I understand!! If you're going to go that far, then make sure to beat that Cockatrice! And then, make sure to treat me after you get back!!” (ED: Very excitable loli...)

“That sounds like a plan. Say Sari, I am going to accept your request. I will definitely defeat that Cockatrice.”

When I said, Sari made a face as if she was about to cry.

“Thank you very much! I thought that I would have to give up.”

So, if you please,

“So then, Receptionist-Oneesan, please accept her application for the request.”

“My name is Meru. This is truly unprecedented. A child who has just registered as an adventurer is already accepting a request for a Cockatrice subjugation.”

Right,

“Yes, the procedure has been completed. Please take care of yourself Yuma as you are a promising candidate in the field, so you must please return safely”

Somehow, I am a promising candidate,

Well, I received the request, now all that’s left is the preparations.

“Grace-san, I am really sorry to ask you this, but can you please take me to the store? I need to buy potions.”

“If that’s the case, i'll take you to a cheap place.”

“Thank you very much. Well then, i'm off Sari.”

“Yes! For my sake, i’m really sorry to ask you of this.....”

“Ah, don’t worry about it.”

And so, Me and Grace-san left the guild and proceeded to the store.

After a while, we were in front of the store

Immediately, the aunty came out.

“Excuse me, I would like to buy potions, do you have any potions for recovering MP?”

“We do have them. The kids from the school buy it very often after all.”

Students from the school? Ah, yeah, I did hear from Grace-san that there was a school in the city of Forxx.

“Then, I would like to buy both the HP and MP potions, how much is it for them?”

“HP is one copper coin and MP is two copper coins.”

Oh? MP potions are quite expensive.

“Then, please give me ten HP potions, and how much MP potions do you have left in stock?”

“Right now, we have about ten of them.”

“Then, please give me all ten MP potions, and can I pay using gold coins?”

“It's ok. Please wait while I count and fetch the change.”

“It's seven silver coins.”

“You calculate pretty fast, Yes.”

“Thank you very much.”

Alright, with this, I am finished with my preparations.

And so, Me and Grace-san came near the gate.

“I'm very sorry for this Yuma. I actually wanted to do this request, but...”

“It can't be helped if you don't have a weapon after all.”

“That's right.....we~ell, it's useless to say it now, but! Yuma, don't die alright! Also, watch out for the poison, just the breath alone is really toxic.”

“Understood! Then, i'm off. If possible, I will return as fast as I can.”

“Alright, come back quickly”

And so, I left the city and headed toward the Stone forest.

“Fuu~, I am alone for the first time in a long while. It was fun with Grace-san, but it's the best going alone.”

Well then, it's quite a distance to Stone forest. Time limit is also quite short, shall I run?

“Well then, let's be off.”

And so, I ran all the way to Stone forest.

I knew it, level does make a difference, my speed went up really quickly.

I was running at speeds which was definitely not possible in my previous world and I hardly ever getting tired. I was able to reach Stone forest in a few

minutes from running.

“This is absolutely unbelievable speed.”

Well, I was able to reach Stone forest safely, but before I could proceed there is something that must be done.

If I’m correct, Grace-san did tell me that you need to have Recovery Magic at Level 3 or higher to cure the Cockatrice poison. My current level of Recovery Magic is at 1. It’s definitely not enough, it's only a matter of time for me raise it.

I took out the knife that I had on me and scratched my fingers.

“Heal!”

And then, my wound healed in a flash.

If you use magic repeatedly, the level will raise accordingly. The problem is MP, but since I bought lots of MP potions, I don’t have to mind.

“HEAL! HEAL! HEAL! HEAL! HEAL! HEAL! HEAL! HEAL! HEAL! HEAL!
HEAL! HEAL! HEAL! HEAL! HEAL! HEAL! HEAL! HEAL! HEAL! HEAL!
HEAL! HEAL! HEAL! HEAL! HEAL! HEAL! HEAL! HEAL! HEAL! HEAL!
HEAL! HEAL! HEAL! HEAL! HEAL! HEAL! HEAL! HEAL! HEAL! HEAL!
HEAL! HEAL! HEAL! HEAL! HEAL! HEAL! HEAL! HEAL! HEAL! HEAL!
HEAL! HEAL! HEAL! HEAL! HEAL! HEAL! HEAL! HEAL! HEAL! HEAL!”

.....this should be enough. I checked my status and as expected, my Recovery Magic skill level reached Level 3. As expected of 20x time the Skill Experience. Then, I drank an MP potion to recover my lost MP.

“Alright, with this, all preparations are done.”

Something moved in the bushes after looking around for a few minutes in the forest. Is it a Cockatrice? And so, as I paid close attention to it, I was ready to activate my Sign Isolation at any time.

And so, the thing came out of the bushes after a while.

“Ha~a.....it's you again, Rabitt.”

I have quite the relationship with Rabitts ever since I came to this world, they

are basically everywhere.....and so, I properly killed it from cutting its neck and placed it into my Item Box.

I looked around for a few minutes and was finally able to spot the target I was searching for.

“Oh? This guy really looks like a chicken and a snake, or a snake a and chicken. Let's confirm, {Appraisal}”

Cockatrice

Level: 22

Strength: 34

Endurance: 32

Agility: 35

Luck: 18

Ho, this is definitely the strongest monster that I have encountered up until now....

There is also that poison, so challenging it directly from the front is quite troublesome.

Magic attacks might be ok, but if it gets guarded, that would be quite a problem, I should definitely go for the kill.

“Let's go...”

I activated Sign Isolation and went toward its back while piercing it's neck and slashing it from the inside with no resistance at all!! The Cockatrice without any resistance, fell dead.

“Fu~u, I'm glad this ended without any resistance or injuries. It's seems like there was no requirements to raise the Recovery Magic, but MA~, insurance is quite important. Usually, I would like to check my status right now, but since Grace-san and Sari are waiting for me, I think it would be better to return quickly.”

And as I was thinking such things, I put the Cockatrice into my Item Box and started to run back toward the city.

Chapter 33 - Request Report

After running for a few minutes I was able to reach the forks city safely. And grace-san was waiting for me at the gate.

Grace-san who noticed me looked a little panicked and came towards me.

“Yuma!? Its only been a few hours since you left, did something unexpected happen !? ”(grace)

Ah, now I get it. Grace-san thought that something happened and so I came back here huh?

“No there were no problems at all. I already took care of the Cockatrice and was able to leave safely”(yuuma)

when I said that to grace-san, he was visibly surprized.

“whaaaaaat!! In such a short time you already went to stone forest and back and even subjugated it too? Do you perhaps have any special powers for transporation or something ?”(yuma)

“No I just ran all the way”(yuma)

“you just ran....ah, you.....i give up. Let’s head back to the guild and inform that young miss about you returning safely. Probably I’m even more anxious about it.”(grace)

OH, sari is/was waiting for me at the guild all this time. Then I guess we have

to hurry over.

“Understood. Lets hurry back. Ah,before that I haven’t disassembled the cockatrice yet, can we do it at the guild.(Yuma)

“Ah, if its that then we can do it at the disassembly center behind the guild ”(grace)

That’s good. And here I was thinking that i can’t disassemble anything over at the guild..

“Understood. Thank you very much. Then I will head over to the guild immediately. Grace-san thank you very much for waiting for me all the way over here.”(Yuma)

Grace-san was very happy when I said so.

This uncle might be old but when he is trying to be shy it looks funny but still he looks happy.

I headed over to the guild and left the embarrassed grace-san.

After several minutese I was able to arrive at the guild safely.

When I opened the door to the guild, sari who noticed me came over at great speeds and stood in front of me.

Your face is too close sari.

“Yu, Yuma-san it good that you are back safely. If Yuma-san died because of me then I would feel very worried..... ”(sari)

“Sorry to make you worry. But still I did not get injured beacause of this. Cockatrice was also subjugated successfully.”(yuuma)

「 “eh, Yuma-san truly defeated the cockatrice!. Um..... its not that I don't believe you, but Yuma-san did not bring anything back.....”(sari)

A, come to think about it. Sari does not that I can use item box huh. Well it cant be helped.

I cant do anything about it anyway.

“Ah, its because I have the item box skill. The cockatrice is safely placed inside it. Its because I ran quicky and defeated the cockatrice and came quickly. thats why it was relatively quick.”(yuma)

“Running , huh. But still Yuma-san has the item box!. That's amazing!- desu.”(sari)

“Thanks. Then im off to disassemble the cockatrice, ill see you later”(yuma)

And so I headed over to the disassembly center that seems to be behind the guild.

It was good that I was able to find the disassembly center quickly.

While I was looking for someone there, I was able to spot an old holding a huge knife, for now lets ask that old man for instructions.

“Excuse me. I would like to have this disassembled. Is that ok?”(yuma)

“Disassembly huh, theres no problem. Then where is it?”(ossan)

“it's a cockatrice”(yuma)

and so I took the body of the cockatrice from the item box.

The old man was quite surprized when I took out the cockatrice.

But soon regained his original look.

“Ho, Cockatrice is rare beast. And you certainly are a newcomer to the guild who just registered today? Am I wrong?”(ossan)

This person was able to guess that I just joined the guild today just from that?

“You were able to tell that I just registered today ?”(yuma)

When I said that, the old man smiled.

“That’s because you’re a celebrity in the guild right now. An unknown boy who hadn’t even registered at the guild yet was able to take down Lord red eyes besides that’s not the only thing. The fact that you were level 29 when you registered !?. I never heard of something like that. A promising newcomer for the guild is actually quite a big matter”(ossan)

I see.

I seem to have been given the celebrity status without even doing anything.

Well it can’t be helped.

Well lets put that story aside for a moment.

“Understood. Also how long will the disassembly of the cockatrice take ?”(Yuma)

“Oh, It will take a few minutes to be completely done. Also what should be done to the materials harvested from the cockatrice. If you don’t need them then you can sell them here.”(ossan)

Materials huh. I don’t need anything other than the heart anyway. Then I guess its ok to sell it.

“I agree. Well then everything other than the heart is ok to be sold. I am ok

with just the heart and please give it to me in another container.”(yuma)

“Understood. Then what will you do ? will you wait here until it is done ?”(ossan)

Fumu. I don't really have anywhere to go.

Perhaps there may be something. Lets go and see.

“Then please get started. Because I want to see how the process of disassembling works.”(yuma)

“Oh ! then make sure to watch and study carefully boy !”(ossan)

and so after sometime the disassembly was finished..

“Alright, with this it is done !. The guild will contact you later on the selling of the materials of the cockatrice !. probably within 2~3 days.”(ossan)

“Understood”(Yuma)

“And also this is the heart of the cockatrice”(ossan)

I recived a container form the old man containing the heart of the cockatrice.

Its quite huge. Wel~l if its this much then even sari can easily carry it.

“Thank you very much. From now I will regurarly bring back monsters from now onwards then please look after me.”(Yuma)

“”Ou!. When that happens I will buy it from you again.(ossan)

Alright then with this the heart of the cockatrice is stored safely.

And then I went back to guild where sari was waiting for me.

Back at the guild, sari was sitting on a chair.

She seemed to be waiting for while making a restless expression.

When she saw me, her smile returned to her face and it was little flashy.

“Yuma-san, the disassembly of the cockatrice must have done right, thank you very much.”(sari)

But I did nothing about it do.....

“Thank you. Then this must be the heart of the cockatrice, it must be quite heavy. This must be handled very carefully”(sari)

I very carefully handed the container containing the heart of the cockatrice over to sari.

“Thank you very much !. With this Risa can be saved !. Truly Yuma-san I would want to talk with you but I have to go, could I please thank you again later ?”(sari)

“Un, Its ok. I will get the request reward after all.”(Yuma)

“Nevertheless!”(sari)

“Ummmm....oh, okay I am going to stay at Saria-san Inn later on, if you can make me delicious food then that’s quite enough. I have only been eating jerky these days after all”(Yuma)

“Delicious food huh, Understood !. I will try very hard to make delicious food for Yuma-san! So please absolutely come to the Jinia!. ”(Sari)

And so Sari left me at the guild.

Making food everyday huh.

We~ll atleast until and as long as I stay in this city.

Well then lets report about the request to the receptionist-oneesan.....,

When I went over to Mel-san place, she was grinning strangely.

“Yuma, you are surely a person who can’t stand by the corner. ”(Mel)

What is this person even saying ?

“I don’t understand what you are saying but, can I report about the request.”(Yuma)

“It is quite embarssing~, We~ll its ok. Reporting about the request, please wait a while. ”(Mel)

After a few minutes.

“Thank you for waiting, This is the reward for the cockatrice subjugation 5 gold coins.”(Mel)

5 Gold coins! ? It’s a huge sum. Its more than 2 times the bounty for Lord red eyes ! We~ll cockatrice is a Rank B beast, so it may be reasonable.

“Thank you very much”(Yuma)

“This was nothing of a matter. This is because Yuma-san is a promising Adventurer. So please from now accept Rank C requests properly please.”(Mel)

“Thank you very much for your concern. Well with this I will take my leave”(Yuma)

Ah, I forgot to ask Sari the location of the Jinia-INN.

“Im sorry, Mel-san. Could you please tell me the location of the Jinia-INN ?”(Yuma)

“Jinia? If its that, it about 3 minutes’ walk from here.”(Mel)

Ho.It seems quite close from here.

This is lot more convenient.

“Thank you very much, Mel-san. I will come here regularly here from now on, so then please take care of me.”(Yuma)

“Yes, Please take care of me too.”(Mel)

And so I walk to the exit of the guild.

But that's when I noticed the incident.

Whats is with this gaze. There seems to be a lot of gazes fixed on me.

Majority of it seems to be jealous and there even seems to be hostility in some of them.

We~ll, its no use even if I worry about it, and so I left the guild.

Chapter 34 - Raid

.....what was up with that gaze?

Well just thinking about it is of no use right now.lets just head over to Zenia Inn right now.

As I was walking towards the Zenia inn, I noticed something quite strange.

This is, it's a magic to trace a person.....

4-people.....no 5-people.

They are probably the guys from the guild. They are probably the ones that were giving off murderous intent.

I can't go to Zinia as I am right now.....

And so on purpose I headed in the opposite direction of the Zinia inn.

I went into an alley which could only hold a few people.

if its this place then its easy to be concealed from the others.

Now then,

“HEY! The people who are tailing me, come out right now”

When I yelled out as so, about 5 people appeared.

hmmm, yup there's no doubt about it, they are the ones from the guild.

When I was thinking such things, a man who appeared to be the leader of the group came forward.

“Gyahaha!, You are truly a fool to bring us to such a place and here I thought you were running away.”

This guy is apparently an idiot.

“Hey you!, if you give us all the money and jewels you have on you, then we will consider not killing you!”

Ah, they are here for my Wealth.

But if they are from the guild, shouldn't they know that I am rank C adventurer?
If they came here while knowing such a thing then they must have some capability.

Well lets check out their status for now {Appraisal}

Darumu level 11

eh, eh, eeeeeeee.....

Aren't they like a lot weaker than even those subordinates of Red-eyes Lord,
they are nowhere even near Lord ?

Lets check the others, they are even weaker than this Darumu.

Why did I even feel threatened by this mobs.....

“Hey, you guys , you did see me at the guild right, so you must know that I am a C-rank and I even have the ability to beat even a cockatrice, did you not ? why are trying to fight me while knowing this ?”

I just asked them this question.

Why were you trying to fight me while having such a status?

Its just a simple question.

“Ah! No-one would even believe such a thing was done by you ! It's a fact that you can understand while just thinking about it a little ! By the way you look, you definitely did not defeat that cockatrice or even the Lord Red-eyes !”

“That’s right ! that’s right ! you just had all that work done by grace and just obtained the credit for it!”

I understand now. These mobs don’t believe that I was able to defeat them. We~ll. So whats should do about these people....

Would it bad to kill these adventurers so suddenly?

We~ll ,they are acting like thieves, but even if they are killed.....

“Take out the gold already!”

“Come to think of it Darumu-san, I saw that he was talking very closely with a pretty girl.

How about having him send her over to us? How about it?”

“O o! That’s good too! Indeed that girl was really something! Oy kid, Condition added ! Call that girl over here! I will kill you painless death then!”

Alright I will kill.

Alright so it was decided, I took out 2 knives from the item box and held it one in each hand.

“Lets do it.”

I headed towards them at full speed.

They were surprized by my sudden increase in speed.

“What the! Where did he go - ga~tsu...”

Too slow,

I sliced the throat of the person named Darumu who was right in front of me.

The neck of person right beside him was also torn out in the same way.

In the same I proceeded to the men at the back.

I sliced and broke their necks at the same time using both of my hands.

And the number of people left, One

“What’s going on? This ”

We~ll it can’t be helped that his mind would go blank.

It’s only been a few seconds but 4 people have already been taken out.

“So-Sorrerrry, Pleaseeee forgive mee! I will never do such a thing again! I only ask for you to spare my life!”

And so he began to sit in a Dogeza-position. Even in this world there is Dogeza huh.....

But who could possibly be able to make them to attack me in the first place.....

Well that answer could be easily found now but.....

“Impossible”

And so I tore up the person who was in the dogeza position who was feeling ashamed.

Indeed its ok if they want to take it up with me, but it’s a whole other matter if they want to go after Sally even if it was only words.

Well then, what shall we do about these corpses?

It will be a problem if someone else were to discover this.

Shall I just put them into the item box?

There might be a use for them some day.

I put the bodies of the thieves into my item box and left the place.

I seem to have taken a bit of time.

Lets just proceed over to Zinia now.

As I was thinking such thing I proceeded towards Zinia.

TI:Ambush might be a better chapter name.

Chapter 35 - Zinia

I reached zinnia safely after a few minutes.

“Alright. I was able to reach my destination without any disturbances....”

Zinia looks almost as the same as the one in Barris village.

I wonder if the sister also looks similar.

I went in I as I was thinking so....

TI: he is always thinking.....ahhhhhhhhhhhhhhhhhhhhhhhhhhhhhhh

There are a few tables placed at the entrance and there is something like a reception at the back.

Yes! It looks just like the same ! It is the same !

I heard a voice calling me which was similar to Maria-san.

“WELCOME! Welcome to the Zinia Inn.”

This is the same.

Most probably this person is Maria-san sister and the mother of Sari.

Maria-san’s sister is really similar to Maria-san.....

Are sisters so similar here?

Well its alright, its of no use thinking about such things.

“The First customer !, Would you like to use our Inn? ”

“Ah, yes. I was referred here by Maria-san of the Barris village.”

“Ehh, older sister did !. Well then I guess I can afford to give you a discount.”

Oo, she really seems to be losing out.

Honestly I have quite a lot of money after the matter of the thieves and the case of the cockatrice.

But still if your going to do so then, thank you very much.

“OK, This is our Inn. It costs 3 copper coins per night and 5

copper with a meal included. I will accept 4 copper coins for the Meal and the bed specially because older sister referred you!."

Thank you very much.

"Now then, For now please sign me up for a 10 nights. All with meals included please."

"Alright ! then for 10-nights.....its about 4 silver coins!"

I handed over 4 silver coins from the item box.

"Its right! But Item box is a rare skill. Are you by chance an adventurer ?"

"I am. I just got registered as an Adventurer today."

"Oya, then you are a newcomer! Being a newbie adventurer is fine as there are some in this Inn but you must be carefull !. Newbie usually get proper requests but sometimes there might be requests that might be offered to you but you might not posses the proper skills to match that request. "

Hmm. Lets keep it a secret that I immediately got a B-rank request as soon as I joined.....

"Yes. I am know my limits so I shall stay clear of such requests."

"Then its ok !. then this shall be your room, it's the room right beside the stairs. I would have showed you but Supper is an hour from now but since its late and my daughter is out for a while today."

well Sari must have gone over to her friends place.

It can't be helped if turn out late.

"Understood. Please give me call when its meal time, I will come over."

I went up the stairs and into my room.

As I did so, it looked similar to one from Maria-san's place.

Well I have time for now until its dinner time.

I laid on the bed.

"Fuuu, Lots of stuff happened after I arrived at Forks. I went to the blacksmith then the report of Lord, then I met Sari and then the cockatrice and then I was ambushed by adventurers."

That was dangerous. It was insanely hard..... but I don't fell much tired. Its probably due to the increase from the levels and the increase in the Endurance."

hmmm, Level.....ah! I haven't check my status in a while.

There is quite a while before dinner is served, shall I check it out now.

“This Is probably because of killing the cockatrice, the level is

rising considerably. As expected I am now B-rank. The Power and the

Endurance have exceed 100 points, agility is still low at 80 but

its enough for now. But still luck is something else entirely.

Skills sign inference, item box, speck skills are raising. But

there is no particular change in the titles list.”
It's been a while since I check my status, it's growing quite
considerably.
Almost all of the stats are as much as twice that of
Grace-san.....
Now I can fight even if it is from the front but still I will refrain
from doing so.
However, sign isolation seems to be a little harder to raise as all
the signs must be cut off.
Well it's level 8 so it cannot be helped.
After I finished going through my Status, I fell back on the bed
again.
Let's relax until it's dinner time.
An hour passed by.
It's almost time.
I finished my thoughts and left the room and went down the
stairs.
And soon Sari found me and started to cry.

“Ah! Yuma-san. You truly came, I am really glad that you
did.”

“I made a promise didn't I, by the way is your friend fine
now?”

“Yes! The symptoms disappeared as soon as Risa took the medicine,
right now the person is resting.”

“then that's good.”

“Yes! By tomorrow physical recovery is possible, that's pretty much
it, I really wanted to thank you and so I told you to come over to
the inn but.....”

whats this, Sari suddenly started to fidget with her legs and arms,

Is it probably toilet!!

“That, Risa shop deals with magic items.....”

Ohh, Magic items huh!

If I am correct then grace-san

definitely had a magic item for lighting a fire.

“That is, if you have a chance next time shall we go together

!?”

Hmm, I would love to check out such a store.

Also if its Sari that will help me get

to the store then I guess there is no reason to refuse.

“Alright”

When I said so to Sari, she suddenly made a fist bump

gesture.

TL:like clenching your fist and going yeaa

“Then lets definitely go together next

time!. Then I am going to go make dinner for Yuma-san please look

forward to it ! Then until then!.”

And Sari ran away.

As I thought she definitely wanted to go to the toilet huh....

Leave that, lets just find an empty seat and wait for the

dinner.

While I was seatead and waiting, I heard the voice of

Saria-san.

“You, did you go defeat a cockatrice monster for my daughter

!?”

“That’s right. I certainly did receive a request from sari to subjugate a Cockatrice.”

“For now I will thank you, Thank you very much for helping out my daughter. But did you not say to me that you would not do absurd requests ?”

“Yes, I really did say so. Cockatrice was well within my capabilities to take it down and so I received the request. As I did say I will not receive requests that are not in my range or well above my capabilities.”

“I see. I feel like you are going to be big deal soon....”

Murmuring such things Saria-san returned to the kitchen.

After some time Sari bought me a lot of different kinds of dishes and I was somehow able to finish it. Of course the taste was definitely the best.

Chapter 36 - Risa

.....N, Its morning?。

I was able to somehow finish dinner last night and returned to my room.

I soon fell asleep as I was laying on the bed.

The disturbances after coming to Forks after such a long journey was quite something.

That's probably the reason I was so tired.

Alright then, Its about time to get up.

I raised my body off the bed then.

Now then, What shall we do today.

Its my first time coming to forks shall we go sightseeing today.

Or should raise my level and money by doing requests.

Well lets just go over to the guild for now.

"Alright, shall we head out now."

I left my room and headed down the stairs.

When I did so Sari soon found me and called out to me.

"Ah, Yuma-san good morning!. Did you get good nights sleep yesterday?"

"Good morning Sari. I was finally able to get a good sleep after a long time. As we were camping outside for a while. It was very satisfying."

"Im glad!. Then Yuma-san please have a seat!. I will make breakfast right away."

Ah. Are you also going to make breakfast and aside from dinner.

Thank you very much.

"Thank you very much."

Then after some time, I was able to get my breakfast.

Sari came over to the table I was seated on.

"Yes. Yuma-san this is the breakfast for today."

Hmm, Soup and bread huh?. It's a classic dish.

“Thank you very much Sari”

I thank sari for the breakfast.

And then Sari sat on the table opposite to me and Started to talk.

“Yuma-san, do you have any plans for today?”

Plan huh?. Well ill just go over to the guild for now. But that’s pretty much it.

“Not really. I just thought of going over to the guild but I don’t have any set plans for today.”

When I said so, sally sighed like it was a relief.

“Is-Is that so. Then Yuma-san then how about going with me over to Risa’s shop?”

TI:Yes.

Risa’s shop ?..... Oh, It’s the shop which deals with magic items.

Come to think of it, I did say that I would with her.

But I wonder if she has recovered after yesterday but I am ok if its today.

“I am ok with going today. But is it ok with your friend sari? Since the sickness was just healed as of yesterday.”

“Its fine!. She was fine after taking the medicine yesterday. So I think its completely fine.

Because I was told it would be fine after taking the rest overnight.”

Then its fine I guess.

“Then I shall wait until you complete your breakfast and lets go together.”

When I said so, Sari made a huge smile.

“Un....Understood.!! Then I shall go prepare, Yuma-san please take your time and have your breakfast slowly!.”

And then Sari stood up and ran away.

TI:She Is always running away why? Lolicon,yeah he is but

Then after some time I was able to complete my breakfast, sari came back in

some time later.

She was dressed very nicely, she looked pretty. This suits her nicely.

“Yuma-san. Thank you very much for waiting.”

“No no, Its alright to wait for a while. Then shall we go.”

With that Sari and I left the inn and started to move towards Risa’s place.

But after walking for a while I was able to understand that the city is really big.

But since I didn’t know the path to go Sari was able to lead me,
Even by just looking around on the way there’s quite a lot of shops.

Shops selling food, clothes, tools for adventurers, potions.

When I was looking around and thinking such things Sari called out to me.

“Come to think of it Yuma-san. Why did you come to this town?”

“Ah, I was able to take down a few thieves while I was in the forest near Barris-village, so I came over here to receive the thieves prize.”

“Then will Yuma-san will soon leave this town and go away after completing the job?”

Sari looked like she was about to cry when she said that.

“No. Im going to stay in this town for a while. I am thinking of staying here atleast for a few months.”

When Sari heard that she gave a happy smile.

“That’s really good. Ah we will arrive soon.”

Somehow we were able to arrive at her friends place.

Hmm, this seems to be the place Sari friend is staying at which sells magic items.

The appearance of the shop seems to be a little old fashioned but it probably has a good taste.

Sari entered through the front while I was thinking. I also went in.

As I went in, there were things which were fixed to the sealing which was emitting light, the shop was giving out a dark but beautiful vibe.

I wonder if all these things are magic items. If they are then its pretty amazing.

“Risa! This is Yuma-san the one who I told told you about yesterday.”

When Sari called out, a girl came out from the backdoor.

The girl had beautiful short black hair and eyes she was little dull.

Overall its quite a neutral appearance.

It is very difficult to judge if the woman is male or female just by looking at her face.

But it’s a whole another story looking at that well-endowed breasts,

“Ya~a Hello. Nice to meet you. Thank you very much for saving me Yuma-san. My name is Risa, I wanted to thank you since yesterday, perhaps if your were not here then I might have died.”

hmm. I just wanted to help Sari since she said it was for her friend.

Its alright to accept the thanks anyway.

“I already recived my reward. But how is your physical condition?”

“Ah I have no problems at all. I do fell a little weak but that’s ok. Since it can’t be helped after all.”

Hmm. As I thought getting rid of all the poison in just one day is definitely not possible.

Also.....This world does have recovery magic for curing weakness/tiredness of the body right.

Shall we try.

“Risa, im just going to try out a little recovery magic is that fine ?”

When I said that both Sari and Risa had a surprized expression on their face.

“You can use recovery magic ?”

Why are you two so surprized ? Perhaps is recovery magic really rare ?

“Sorry. Is recovery magic a rare thing?”

Risa replied to me when I said so.

“Oh, Recovery magic Is not that easy to master afterall. It is necessary to have some degree of proficiency before it works well, hence it is more precious than

other magics.”

Understood.

“So I wonder if recovery magic is effective on me, but please do try it by all means. ”

“This is my first time using it on other people, is that fine with you ?”

“You are the one who saved my life. Why would I not trust you for such a small thing ?”

If your going to say so then lets try it out.

The heal that I raised to Level 3 for the cockatrice! Its my first time to use it on others!

“Alright then lets do this. [Heal]”

When I activated the magic, a pale light come out from my arms.

This light proceeds to enter Risa’s body.

Now then did that work?.

“How about it Risa? Does your body feel any better?”

When I called out to her, Risa just stood in blank surprize for a while.

After a few seconds she was able to come back to herself.

“What is this ?. This. All my tiredness of my body is gone. Its all gone. Its back to being how healthy I was before I got sick.”

Apparently it was a positive effect. That was good.

“I see. Then I am glad it was effective.”

“It was really effective. This was a story I heard long ago but if your recovery magic is this powerful you could probably be a teacher at the school.”

Are you serious!. My recovery magic is only level 3.

what if I was able to raise it all the way to level 10? I can’t even think of it.....

“Anyway. Thank you Yuma-kun. If its like this then I will able to resume the working of the shop from today.”

“That’s good. Then can you quickly shows the magic items ? I am actually really curious about it.”

“Alright. Please have a look.”

Alright! Then quickly tell us what things you have here!!.

Chapter 37 - Poison Knife

I had my fair share of checking out several products for tens of minutes.

There were many things that seemed usefull.

Among them, I had a particular interest on one of them.....

“Hey Risa, this knife here, what kind of an item is this?”

“I certainly did not think that you would be interested in such products. This is a magic item called as Poison knife.”

HO, Poison knife huh.

So if you go by the name then does it cause status poisoning if scratched with the knife.

“How strong is the effect of the knife?”

“Well, as you can already guess by the name. The victim that gets scratched by the knife take a light poison state, it can be healed with a heal or a poisoning potion.”

I see, It seems to be threat to only people who might not have a healer in their group or the person does not have the poison dispel potion if you think about it on another way.....This is....

“The Victim goes into a state of slow for a while.”

What! It has the effect of mild paralysis!

Then the functionality of the knife jumps by over a dozen times!

I would like to try it out once.....

“Hey risa, I would like to buy this knife at all costs but can I try it once before I buy it?”

When I asked such a thing to Risa.

“Its no problem at all, but how would you confirm the effect?”

“Is that so, Thank you very much”

How to confirm the effect?

There is only one method.

I cut my arm with the Poison knife while I thought so.

Risa made a very surprised face,

“What the! What are you doing! The knife has poison yo!”

I know, but this is the fastest method to confirm the actual effect.

Hmmm, the body does seem slightly difficult to move.

I seem to be unable to feel my body, is this the effect of the poison.....

Lets check with the status once.

hmm, yes Poison level 1 and paralysis level 1 are in the stats. This knife is the real deal.

“Risa, can you please sell me this poison knife ? I like this quite a bit!”

“NO no no! Im more than happy if you were to buy it, but are you ok? The poison is spreading.....”

Ah, crap I totally forgot.

Lets cure it. {Heal}

Alright it seems to be cured.

“Fuu, Its alright now since I already cured it with Heal. Alright now lets back to the deal-I definitely want to buy this poison knife, how much is the price?”

Risa made a weird face at my question, it was definitely a disgusted face.

TL: probably thinks Yuma is a M

“Ha~a, its ok.....the price of the poison knife, the price is about a gold coin.’

HO, it is quite expensive.

But is not a price that I cannot afford after the Cockatrice and Lord.

“Is that so, then please sell it to me.”

“I think its quite the expensive item, but do you not feel so?, do you not think that I am selling at a higher price?”

TL: Tsundere *deredere*

“I want to buy this posion knife because I think that its worth 1 gold coin. I wont try to haggle as I feel that risa is not a fraudulent kind of a person.”

Risa acted a little shy when I said so.

That’s pretty cute.

I paid the 1-gold price and obtained the Poison knife safely.

Yes, I am quite satisfied.

Well I guess its bad to take such a long time looking around.

I guess its about time to go.
By the way, I completely forgot it along the middle but what is Sari doing?

“Hey Risa, I think its about time for me to leave, but where is Sari?”

“Sari is looking at the magic items for daily life from quite some time yo.”

Ah, its true.

“Sari, I think its about time for us to leave soon.”

When I said so, Sari came closer to me.

“Yuma-san, have you finished looking through the items?”

“Yes, I made a huge deal. Im very satisfied. So its ok even if it took some time.
Shall we return now?”

“Alright, Then Risa until next time!. Please have something that is good for your body and helps in recovery endurance! Don’t eat any junk food as usual!.”

Junk food you say, grace-san only used to consume junk food that is bad, literally he only used to eat junk food.

“I know. But I have a perfect score for nutrition consumption. Then see you again Sari. Thank you Yuma and You for coming here together today.”

“I had a great time shopping here, I will make sure to come here again.”

After that me and Sari left Risa’s store together.

“Now sari, What shall you do?”

“Well, I am working at Zinnia so im thinking of returning soon.”

“Is that so, then lets head to Zinnia”

After a while, Sari and I were able to make it back to Zinnia safely.

“Yuma-san thank you very much for today.! I Think that Risa was also very pleased with it, I was thinking of getting her out of the store but she is a NEET and does not get much opportunity to interact with others much. Today was truly a very wonderful day,”

What did you say, NEET huh. That reminds me, I used to be one too huh.

But still she is doing a much better job than me while she is working.....

“Then that’s fine. Alright then Im heading to the guild for a bit. See you soon Sari.”

“Yes! I will be waiting to make you delicious food for you today again.”

I left Sari and move towards the guild.

After a few minutes I was able to reach the guild and I entered inside.

As usual there quite a lot of eyes, eyes of interest , eyes of hostility *etc.*

It can’t be helped since I can’t do much about it.

Lets go look at the request board.

hmmm, There is quite a lot of subjugation requests when it comes to C-rank.

Oh! There seems to be a request on taking down an Orc.....where is it?

The place.....i wonder if there is place which sells map somewhere.

Let's ask Melu-oneesan at a later time.

I decided to take the request.

"Good morning Melu-san."

"Welcome Yuma-kun. Which request would you like to take today?"

"Yes, I'd like to take this request about the Orc, so I would like to know if there is shop or something which sells maps or the like, because I don't know the location of the forest which contains the Orcs."

"If it's a map, then I sell those here. It costs about 3 copper coins. "

Apparently the map can be bought here.

Moreover it's a lot cheaper than I thought it to be.

"Then please give me one."

I handed 3 copper coins to Melu-san and received a map.

"Then I would like to receive the request to take down the orcs please."

"Yes"

"Truly Yuma is really out of the ordinary, Its only your second day and your already out to take down an orc. Well if you can take down a cockatrice then this will not be much a problem, but still please be carefull."

“Its ok. I will not do things that threaten my life. But still thank you for worrying about me. Then im off.”

I said that to Meru-san and I was about to leave the guild when,

“Oi you Newbie! Don’t you know the rules!!! ”

Chapter 38 - Gorira

.....What the heck did he just say?

“You don’t ye dare take tat tone wth me jast becasse ya tok dwn Lordo and cockatrice, are ye a kid! ? Newbie shld act like a newbie and do some shit stuff life garbage cleaning or slime suppression or something!”

What is with this gorilla like uncle.....
He seems to be jealous of the fact that I became C so suddenly.
He proabably came here for a battle thinking that I am a mage or so.
Well for now lets just check the status of this gorilla uncle.

「pf~pfft, it is ! ! 」

Da-damn! He has gorilla as his name, that is definitely stupid!
I almost laughed out loud !

“You You! Why are you laughing!!”

Sh-shit! I Seem to have offended gorilla-san !

But still surprisingly gorilla-san is quite strong, not to the same extent as grace-san.

But he definitely has the strength of atleast as much as Lordo.

This is surprizing a tough gorilla !

“So-sorry Gorira-san, Im truly very sorry that I laughed ! An animal that I knew had a similar name as Gorira-san and”

When I said that to gorira-san, his face turned beet red.

“You ! how dare you make fun of me! DO you even know who I am?”

OF course not. I just registered at the guild yesterday.

I have no chance of knowing things about you.

“Im sorry gorira-san, I just registered at the guild yesterday.....i really don’t know who you are.”

I said that to gorira-san, and his face turned even more red.

“You listen! I am C-rank adventurer by the name gorirasu-sama! And its not gorilla! Make sure to rember it well. ”

HO, This gorilla-san was a C-rank adventurer?

Now I understand how he is so strong.

So, why did this gorilla-san trying to pick a fight with me?

“Im sorry for my mistake gorilla-san, but I just have one question, why are you trying to pick a fight with me? i am sorry if what I said got in your way.i’m sorry.”

Oh shit!, I just called him gorilla agin.

“You how dare you call me Gorilla gorilla again and again! I am definitely going to kill you!”

And suddenly gorilla-san took a huge sword from his back and swung it towards me and he almost caught me! Oy OY! We are in the premises of the guild yo! What would you have done if I had died? Still, he is pretty slow. Is probably due to the difference in levels. His attack was as almost at the speed as if he had stopped moving altogether.

Purposefully I evaded gorira-san attack barely.

“Please forgive me Gori—rasu-san! I apologize for my mistake a while ago so can you please drop your weapon.”

“Your too loud-eh! You, stop trying to dodge already!”

Gorilla-san said so and started to brandish his sword again.

Nah, its going to be fine. I was willing to listen until now.....

But this gorilla-san is trying to kill me for real.

Therefore.

If I was to kill this gorilla but this place is.....

When I was thinking such a thing, I heard Meru-san’s voice.

“Stop this right now! Gorirasu-san ! Using weapons inside the guild is violation of rules of the guild and is liable for punishment! If you don’t stop right now, you will be expelled from the guild.”

“Stop talking woman! If you try to tell me what to do again im going to kill you too , you hear me!”

Oh my, This gorilla is ready to even lift his arms against Meru-san too.
Then it's no use huh.

For now killing is a no go, shall we stop after just breaking the bones of both the foot?

For now I aimed for Gorillas foot and gave a low kick.
And he fell to ground soon afterwards.

“Gyaaaaaaaaa”

hmm, somehow it seems that a few bones on his feet were broken due to my low kick.

Oy OY, This gorilla is quite fragile, is it calcium deficiency.

We'll for now let's do the same thing to the other foot.

I step on the other foot that was on the ground and put some strength into it.

“Yaa~aaa`~aaa”

And the gorilla started to scream and cry while calling for his mother and suddenly stopped moving.

Oh, somehow the gorilla seems to have fainted from the pain.

Well even C-rank adventurers would be quite stunned from such pains.

Well I guess with this I don't need to break both of his arms now.

And, looking around suddenly, everyone's gaze seemed to have focused on me and all of them seemed to have the same emotion – Scared.

OY oy, I just defended myself because I was attacked.

Moreover this guy pulled out his weapons and even announced that he would kill me.

I only let him off with fainting! So I am quite a gentle person!

When I was thinking such things Meru-san,

“Yuma-kun thank you very much. You took care of this gorirasu while also taking the guild rules into consideration, most probably since he disrespected the rules and slapped the guilds face his punishment might be getting sold off as a slave.”

“Is that so, Thank you very much. I would like ask just a single question but?”

“What is it?”

“Do I also have to face punishment?”

“No way yo. Gorirasu did certainly shout that he would kill you from the start, infact if you were to kill gorirasu here then it would be considered as self-defence.”

He~e, then it would have been fine even I would have killed him huh.
well its fine anyway.

“Then that’s a relief. Then I will be on way to take down the Orc now.”

“E~ then please do take care of yourself.”

So I guess it’s about time to head out of the guild.

As soon as I went out, I could hear a familiar voice call out to me.

“Yo isn’t this Yuma!”

O, This is certainly a nostalgic voice.

“Oh, isn’t this Grace-san! Its been a while. ”

“OY oy! Whats with the its been a while? , we just saw each other yesterday. Well that;s fine ze, the guild seems to be in quite a ruckus, did something happen?”

“E ~e, I went in to get a guild request but somehow I got involved with person named gorirasu and stuff happened.”

“Gorirasu!!. That muscle brain! Are you ok Yuma? Were you not injured?”

E-Eh, Somehow it seems that guy is famous in a bad way.

“E e, as you can see there are no injuries yo. But his weapon was quite troublesome.”

“Hoho un! That guy is a muscle brain, although he is quite capable regardless of his character! So what kind of request did you accept?”

“Orc suppression!!.”

“Ho, Orc suppression in that forest huh! Well the forest is not that far from this place, so make sure not to get lost.”

I will not get lost if its place nearby, I am glad that it’s a place nearby too.

“I will only advise one thing, if its only a single orc then its fine Yuma, but the orcs will gather over and there might even be an appearance of rare class orcs,

so make sure to be carefull when you go there.”

rare class?

“Pardon, what is rare classes?”

“Ah, Rare class means that there are some monsters that might undergo variation and will have a stronger characteristics compard the same of their kind. The orcs right now are growing abnormally, so there might be a chance for such a thing. Well even that case might be rare so I don’t think that you should mind. ”

Ho, there was such a thing huh.

I am slightly interested.

“Well If I was supposedly to encounter such a thing then I should just run away as fast as possible ?”

“Understood. It will be fine, I will not do unreasonable things.”

“Then its fine! Then you can go ahead.”

“Alright then I am leaving now.”

And so I parted with grace-san...

Well, Rare-classes rarely come out so its not a problem.

There cannot be such a coincidence.

While I was thinking such things I headed out to the forest of the orcs.

Chapter 39 - Orc

.....Alright there's no mistake this is the place,
I walked a few dozen minutes from Forks and I arrived at the supposed forest of the orcs.

"Alright, As long as one can follow the map then there's no chance of getting lost here."

Fu~mu, This looks like it as big as the forest where the cockatrice live.
If its only this much then it won't take much time to find an orc.

"For now, that gorilla , no gorirasu-san should be down for a while lets find complete this task as fast as possible."

And so I started looking for the orcs. Its fortunate that my luck is high which helps me to find objects of my purpose much more easily. I could understand through the event of the cockatrice so.

So Im pretty sure that I will be able to find orcs just as fast.
Also I would like to return back to inn before the sun sets.

"Alright, its time to go."

Then I went in search of the orcs in the forest.

AFTER A FEW MIINUTES.

"Ho~e, There are quite a lot of interesting things in this forest."

Oh, This banana seems to be quite delicious,

I am going to take these back to inn if this thing is good as it looks.

{Appraisal}

{Poison Bannanas}

There is poison inside. The poison is quite potent and will kill anyone who consumes it within minutes unless treated.

Scary! If you don't know anything about these things and consumed then that would have quite a serious thing.

But since its I have HEAL then I guess its fine. But this poison banana, that's that I guess.....

Lets take a few just in case.....

I took a few dozen bannanas and left the place.

AFTER A FEW MINUTES

OH!. There seems to be some movement in the grass in front of me.

Orc sighting already huh?! For now Lets use sign isolation as usual and prepare for the prey.

And then the thing that came out of the grass was!!

“Ah yes yes, its you agin huh.”

Its Rabbitsu.

Somehow I feel like there hasn't been a day that I have seen this guy ever since I crossed over to this world.....

But its delicious so it can't be helped. For now I cut the neck of the rabbitsu and took it down.

“ah its ok, Rabbitsu is an emergency food, it will only add so much to get a level up, but its true that I came getting really strong after I came here. When I first came to this world I was almost killed by this guy.”

I am still unable to believe it.

But since i have become so strong, carelessness is definitely something that should be avoided.

Because if such a thing happens then the person will die pretty quickly.....

Then a few minutes passed while I was in search of the orc.

“Why is it only Rabbitsu from so long ?. I think I’ve already hunted over a dozen of them since then.”

Somehow it seems that there are only Rabbitsu at the start of the forest.

Why are so many Rabbitsu gathering around here!

It cant be helped, I shall proceed a little deeper to find an orc.

And so I proceeded into the forest.

After a few minutes of walking towards the deeper places.

Oi! Is that him!.

Fumu, He does seem to be over 2 meters tall.

That body seems to ripping from the amount of muscles possessed, It almost popping out.....

Just the muscles on the hands are as thick as a wooden stick, along with wooden sticks in their hands perhaps that’s their weapon.

And.....

“The face definitely looks like a pig. Well its an orc after all, I guess it can’t be helped.”

Oops its still not confirmed if its an orc or not!

Lets appraise it for now.

Ho, the level is definitely more than that of a cockatrice.

But the strength is definitely overwhelmingly high compare to all the monsters that have been encountered so far.

Its almost as high as Grace-san.

Agility is considerably lower than other. It's just a little higher than that of Rabbitsu.

Well, I have been struggling with other monster but I guess you shouldn't let you guard down.

Lets do the same thing as usual.

I took out the new poison knife from the item box which is now my main weapon.

Its time for sign isolation, all preparations done.

"Alright, lets go."

I run towards the Orc!

I was able to reach the place where the orc was quite quickly and slashed towards it neck using my poison knife!, But

"BUMOOOOOOOOO"

Apparently I was unable to finish it in a single strike.

The orc started to swing his wooden Stick madly.

"Oops, that was close."

I dodge its attacks and take plenty of distance.

Too close, Too close, When I was fighting with the Rabbitsu it was quite easy to slice and dice so I made a mistake. If I had not put my guard then that would been a huge problem.....Lets keep a calm mind.

When I was thinking such things the movement of the orc started to slow down!

Oh, This is probably the effect of paralysis and poison!

But for this is a CHANCE.

I travelled to place where the orc was in an instant and made towards the area of the orcs neck, Slice the neck

“DIE”

The orc splurged large amounts of blood from his neck, and eventually the giant fell to ground and stopped moving.

“Alright, With this it seems to have died.”

Fu~u, It over. I never thought that I couldn't get a 1-hit ko.

Well its my fault to have overpredicted it.....But still the poison knife was definitely a huge help and bringing it was the best thing to do.

Even those opponents that I can't take down with a single strike can be finished off quite easily in this way.

Alright the request is the suppression of 3 orcs.

there's still two left, lets complete this task quickly and go back to city.

And so I was thinking while going further into the forest.

It was completely luck since I was able to take down two more orcs after a while.

By the way, Both of them took 2 blows

“Alright, with this the request is complete. There is still some time left since I completed it quite quickly, then shall I head home now.”

When I was thinking such a thing,

A Rabbitsu passes by my eyes while being chased by something!
Two orcs were running behind it! But they were too slow....

And then suddenly an odd looking orc appears before my eyes.

TL:The flag

what!, is that. The presence is definitely quite different compare to the other orcs.....

Firstly the color is different. This orc has a purple tinge even the body size is quite different.

Its almost 1.5 times the normal orcs. Its probable around 3 M tall.

It has huge clubs for weapons, Perhaps it would weigh even more than average humans.

Can it be, is this the Rare class that grace-san warned me about.....

For now its time for appraisal

Too strong.....

This is the strongest monster, no the strongest living thing that I have seen until now.

Moreover, there two new skills that I have never seen up until now.

The Roar must be threatening with a loud voice.

The problem lies with breath. Is the breath an acidic type or just a breath of an orc?

Well that was surprisingly scary and it can't even be helped.

The thing that I have to think about now is

Should I flee or should I fight.....

What shall I do ?

Chapter 40 - Carelessness

Now, what should I do?

As far as I can understand from the status, this is the strongest creature that I have encountered so far.

Endurance and strength are almost twice as much as grace-sans.

Agility and luck are quite low, but they are still higher when compared to others.

Even the skills also has to be considered.

Grace-san told me to run away as fast as possible if I was encounter such monsters.

If its just running away then probably sign isolation is more than enough to get away.

But the matter is do you run away from your enemies when they are right in front of you.....

I was thinking such for a few seconds.

Alright lets take it down. You definitely need to exterminate monsters after all.

Also the other thing is that this forest is quite close to the town. If it comes out of the forest then that would cause some serious repercussions.

And also I feel like I have become more courageous since I crossed over to this world.

alright, its time to prepare. First off since hp and mp have decreased, lets restore that using a potion.

After checking the status the gauges showed MAX for both the Stats.

Now its time for the weapons. We~ll Poison knife does not have any problems.

First lets take care of the orc king.

After that, only the subordinates would be left. That would lead fight which I can easily run away from if required.

It would be quite a pain to fight the king along with his subordinates.

Alright, preparations are over.

Then its almost time.

Sign isolation has been activated, poison knife equipped in one hand.

“Alright, lets do this.”

I jumped out of the bush that I was hiding in and moved forward.

Im going to run at full speed all the way to the orc king!

The orc did not notice so that’s good!

Reach!!

With the same velocity pierce the throat of the orc king as is!

“Buuoooooooooooooooooooooooooooo!!”

Che~, its just a shallow wound!

The thickness of the neck seems to be odd with the fat and muscles covered all over.

This is somehow going to a little-hard.

“BumOOOOOOOOOO”

I noticed that I was currently being attacked.

The orc king was begins to take a swing with his huge club with considerable momentum!

That looks to be quite dangerous, if it hits that would be whole other story.

As I thought he definitely can't see through my concealment.

That guy was just madly swinging his huge weapon that's it!

I dodge the club, I get closer to his head to take a swing.

"Buooooooooo!"

Oops that quite close! The club was being wielded quite wildly and was almost about to scrape my body!

As expected its quite scary up close while dodging the club.

And after repeating the same actions for several tens of seconds!

N!? The movements of the orc king starts to dull.

As expected, even a shallow scratch was able to poison the body.

Unless I had this then this would have been a different story the converse is also true.

But since the movements are getting dull then is a chance!!

I get closer to the orc kings back, and get closer to the neck of the orc king!

I stab the poison knife into the neck of the orc king!

There is some resistance if I can get it in then its my victory.

As I was about to dice through.

I noticed something unusual from the corners of my eyes

The knife is stuckcannot be moved.....is it.....

Why is not moving! Has it tightened its muscles!

While I was unable understand the reason for it to do such a thing.

When I thought about it

"Buo

The breath released from the Orc king has considerable corrosion power,

As soon as the breath was complete, there was charred corpse that was present.

"BUMOOO(
I wonder if thinks that it's the victor of this battle.

NOISY.....

I grab the handle of the poison knife that's stuck in the Orc king's throat.

And slice through the throat splendidly.

The orc king fell to the ground as if a puppet which had lost its strings, and eventually stopped moving.

“This is not something that I should be saying, but one should never let your guard down in the middle of a battle right? Well not that you can hear me anymore.”

Chapter 41 - Level UP

..... Alright, I managed to take him down.

I never thought that the orc king was strong to this extent.

That BREATH was definitely a strong skill.

I saw the corpse that had been charred due to the effect of

BREATH.

“But, thanks to corpse of the adventurer who attacked when I was in

forks I was saved.”

If I had not used the corpse from the item box as a shield then I

would have definitely received a terrible injury.

The opponent was convinced of victory and hence ended up giving out

a lot of gaps, then it was quite easy!

After that I activated sign isolation and got closer and killed it

off.

When I thought about it again, it was quite a fierce battle.

“Whats with this. I don’t seem to have any fatigue strangely.

Rather I feel more energetic than when I came into the forest!. Why

is it?.....could it be a level up gain.

That’s it!. Its probably because of the level ups that I don’t feel

fatigue!.

If you think about it carefully then I defeated the orc king while

having a level difference.

It would be strange if there was no level UP!.

Lets check the status for now. I feel quite exited!.

the level of the knife arts and Item Boxx has risen by 1. There is

also the Resistance skills which have probably been acquired when I

went over to Risa’s shop so that’s the reason why it not so

painfull, The titles have not really changed.”

Fuu, I was little too excited.

But its definitely true that I have become stronger!.

I don’t feel careless, but if its them again then I am sure that I

won’t lose.

Alright lets calm down first.

The time is still early, but since the request has been

completed.

I guess the Orc king has certainly been taken care of.

then I guess its time to go back home, while I was thinking

that.

“Bumooo”

Orc cries, and they are even plural. Don't tell me they are heading

here !

Come to think of it,. The orc king was quite sure of its victory

and had even raised huge Cry.

No way is it because of that! Lets leave the charred corpse for the

time being.

So therefore I out the corpse of the orc king into the item Boxx

and hid in the nearby bushes.

AFTER A FEW MINUTES

There were quite a number of orcs in

front of me.

Now, what should I do.

Since the request has been completed then I guess its safe to

return like this.

But I did level up so I do want to check how strong I have

become.

My decision was swift.

“Alright, Lets kill them all “

“Bumooooo”

The voice came out as so.

I had been noticed.

The nearest orc body which was beside me threw a huge fist at

me!

I was trying to catch the fist with a single hand.....

“No strength This is the best you got ?”

I was able to catch the fist of the orc with a single hand

easily.

I am not putting that much effort into this but the orc is

desperately trying to overwhelm me.

When I add a little amount of power to hand that was stopping the

Orc.

“Bumooooooooo!?!?”

It looked to be in a considerable amount of pain.

“Alright that’s enough. DIE”

I sent the orcs fist in a different direction and slashed at its

neck with the poison knife.

The slash cut into the orc neck quite easily.

All the orcs that were watching this from the back were moving back

with a frightened look on their face.

“Lets get this over with.”

Using sign isolation, I slash through one orcs neck after

another.

The orcs scream didn’t stop for a few minutes.

“Alright, its done, its done.”

There were several dozen neckless orcs lying on the ground in front

of my eyes.

However, if there was such a corpse with a head intact then that’s

quite difficult to find.

Well everything has been put into the item box.

But still, I have become much stronger than anticipated. Its

completely different to time I first entered the forest.

I guess now its possible to take down the Orc king without much of

a hassle.

“Well I guess with this, my business in this forest is complete.

And I think its almost time for me get back to Forks.”

And so I returned the same that I entered the forest from.

Then I saw two orcs returning with a living Rabbitsu in their possession.

Oh, that was offering to the Orc king huh?

Well lets get rid of them for now.

I slashed the necks of the two Orcs quite properly and take down the Rabbitsu at the same time.

“Now I understand, The rabbitsu were running away from these orcs in the first place and hence ended up near the entrance of the forest of the orcs.”

We~ll I guess the Rabbitsu were still unlucky since I was in that place where they ran to.

While I was walking and thinking such things, the exit to the forest was finally visibe.

And then,

“Alright!!. I was able to safely get out of the forest!”

Alright, shall we head back to Forks and return back to the Inn

Chapter 42 - Return

After a few minutes of running from the forest of the Orcs.

I was able to safely return to Froks, but

Now that I think about I've returned back at stupidly fast....

It took me quite a few dozens of minutes last time.

But this time it took me only a fraction of that.

This can't be due to the fact of my level and having the agility Stat going over 100.....

Even though I ran for quite a distance, I don't feel tired at all.

Well I guess I don't need to go by horse or a carriage since I practically exceed that speed by quite a lot.

For now let me show my guild card to the Gatekeeper-ossan and go into the city.

Now, Let's go report about the request. I also have to report the Orc king in the request too.

Come to think of it, considering the Orc king Stats, I don't think it's B-rank, it's probably A rank. Since I took that down does that mean that my rank as an adventurer will raise again.

I am feeling a little excited.....

While I was thinking about such things, I headed towards the guild.

But the roads are crowded as usual.

If you're just a little careless then you might end up bumping into someone.

A few minutes after I started walking, I reached the guild successfully.

As I opened the door and peered inside.

"Oh Yuma! I was worried about you since you took quite a long time!!"

Perhaps he was waiting for me?

Grace-san came towards with great speeds.

You are the same as always huh.

"Thank you very much for your concern, Grace-san"

"You idiot! I was not concerned about you! I was just wondering when you

would be back that's it!"

Oy, An ossan-tsundere(Sweet inside, sour outside) is a little strange.....

"But Yuma, Tell me seriously, You went over to subjugate a few orcs since its you, you should have returned quite quickly. Did something happen?"

Grace-san seems to have been concerned about me for quite a while.

"No no, Indeed I did go over to take down 3 orcs which ended quite soon, but when I was about to return I spotted another orc which was almost 1,5 times a normal orc."

N? oh. What is this, The guild was quite lively until a while ago but it suddenly became quiet.

The grace-san who had a smile on his face had suddenly been replaced with a serious expression.

"Oy, Yuma. That strange orc that you spotted did it have a purple tinged body?"

Oh, As expected of Grace-san. Absolutely correct yo!

Anyway,

"It did. It had a purple tinge and It also wielded a huge club which seemed to be quite heavier than an average person."

The second I said that,

Everyone in the guild stood up all at once.

Then i heard a voice from almost everyone

"O....Oy that guy just now didn't what he say resemble the Orc king!!?"

"A Ah, Purple colored body and a build 1.5 times the normal body! The Conditions certainly match it!!"

"Sh.....shit this is bad! If what you said Is real and it is the orc king, and you took down a few orcs then he might come to the city for revenge or to attack the city!!"

"Oy, Im leaving yo! Orc king is a monster of Rank A! Even if we were to band together to take it down we wouldn't be able to succeed."

EE~h, As is though Orc king was a Rank A monster.

Well since it did had stats nowhere near the B-rank I guess it can be inferred by that.

While I was thinking such things grace-san,

“No but, he just registered yesterday and he already took down a cockatrice the same day. If its so then the Orc king.....”

“NONONO, The difference of level between the cockatrice and the Orc king is too much yo! Its impossible!”

hmm. There are quite a lot of people who don't people here who don't believe me.

Well it can't be helped, perhaps even I would not believe if someone said that to me suddenly.

While I was thinking such things, grace-san.....

“Yuma, as expected even I cannot believe something like that without proof, but even considering your ability. Im sor~ry ”

“No its ok. If I was in grace-san's position then even I would believe it. But still its true that I took it down either way, well how about it? Will you not believe me even after I take out the corpse of the Orc king? ”

“Ah a, if its so then that would be a relief. Lets confirm it back at the Disassembly centre at the back since this place is pretty crowded.”

“Understood. Then shall we go?”

And so grace-san and I started walking towards the disassembly centre. Lots of adventurers followed behind well lets not bother about that.

Now, we've arrived at the disassembly centre. Oh, it's the same person who helped me out with the disassembly of the cockatrice. Shall I check before I take out the corpse just in case?

“Excuse me. Can I please borrow the place for a second?”

“Oh, isn’t it the cockatrice kid! Did you perhaps hunt another monster or something? Its alright you can use it for a while as you please!”

“Thank you very much.”

Alright confirmation received.

Then lets quickly take out the corpse of the orc king and lets the officials confirm.

There is no head but.....

“Alright then grace-san, im going to take out the body now ne.”

“Oh ,please do.”

Then I took out the corpse of the Orc king from the item box.

As expected its quite large.....

Then.....

“ “ “ “Uo ooooo o oo o o ooooooooooooooooooooooooooooooooooooo ” ” ” ”

“It’s the real deal! This is a Real Orc king !!”

“Its biggg! This is the first time im seeing this but the difference between the usual orc and this one can be easily seen.”

“That kid was really telling the truth na!!!!”

“You can’t call him a kid anymore zo! Its Yuma-san! ”

Grace-san came up to me laughing loudly,

“I’m really sorry for doubting you Yuma! You are the benefactor of this city ! its quite a big deal !”

“Is it calling me a benefactor of this city a little too much?”

“Not really, I don’t know if I could have protected the city from the Orc king if he had come to this place! Those A ranked monsters are quite terrifying! And you took down such a monster alone so its not wrong to say that you’re the benefactor of this city!”

If you say things like then I will get embarrassed

TL:Is this guy crazy?

The ossan from the dismantling shop came over.

“You, you’ve brought yet another amazing monster again! Yesterday it was a cockatrice and today its an orc king. Then should I sell this Orc king through the guild ?”

“Yes. I will sell it. And also I have quite a lot of orcs in the item box as well can you sell that too?”

“A, its not a problem.”

“Thank you very much”

Then shall I take out the corpses from the item box.

After a few minutes,

there was a huge mountain of orcs in front of my eyes.

“Oh, you’ve seem to have taken out quite a lot. There must be atleast 20 corpses, then shall I sell these along with the cockatrice?”

“Yes. Please do.”

Now, its time to report about the request.

Lets go back to guild then,

Then along with grace-san we returned to guild from the disassembly center.

“Wha-what, is with these many number of orcs!”

“All these orcs have no heads and all of them seems to have been cut cleanly without any defects, its like they have been cut up with a single stroke.”

“He’s like a.....Head hunter.....right.”

“Headhunter Yuma huh?”

Somehow some amazing and dangerous name was being called out loudly.....

Chapter 43 - Head hunter

Tl:Its actually neck hunter but that just makes no sense in English the other choice were also quite hard to make/fit into the translations.
if anyone got a better word for this then please help out.-
“首狩-kubigari”

Now then,
The matter of Orc king subjugation and its dismantling has been completed.
I and grace-san came back to the guild.
All that's left now is to report the completion of the Orc suppression request.

“Alright grace-san, ill go report about the request”
“O h! Go ahead! Its has already been reported thorough other channels and also don't forget to report about the orc king suppression along with your request report.”
“Its alright I won't forget. Then I will take my leave.”

I parted with grace-san.
I proceed to make wy way towards the reception desk of the guild.
oh, its sill still Meru-san.Lucky!
Even if the receptionist is a man I don't mind, but its better to

talk to a beauty than to a guy.

o

“Good evening Meru-san. I would like to report about the Orc request and the Orc king subjugation, is that fine?”

When I said that to Meru-san, she was shocked for quite a while and soon a reply came back.

“You have finally came huh. Firstly congratulations on the completion of your Orc subjugation request.”

“Thank you very much.”

“Then the problem right now is the Orc king, Did you really take it down all alone Yuma?”

“YES! I took care of it myself, its was truly a little problematic but I could handle it.”

When I say so, Meru-san sighed loudly

“A little hard you say, that monster is originally an A-rank, it requires several parties to take it down, it is hard even for B-rank too. That’s how dangerous it is.”

“I see.”

“you see huh,...ha~forget it but Yuma-kun you should really stop being so reckless! You might think that this is alright, but you are seriously a talent the guild wishes to develop ever since you joined here!”

“UNDERSTOOD.”

“If you UNDERSTAND then its fine!! At lastly, I am very sorry for lecturing you but still Congratulations on taking down the Orc kind Yuma-kun. Thanks to you this city is safe. ”

“NO no! it was something that would have been done. Because there are people in this town that I also must protect.”

When I said that to Meru-san, she looked a little upset.

And dished out a question.

“He~e, possibly is it me that you wish to protect in this city?”

“That is so. Meru-san is someone I am indebted to after all, so if its you I would do anything to protect you.”

The people who I want to pretoect in this town are Sari’s family, Risa and grace-san and lastly Meru-san.

“Fu fu, I don’t like those kinds of cheesy lines but still thank you very much”

“Its ok”

“Now, I will return to giving out the rewards, First of all, the rewared for the suppression of orcs-2 gold coins.”

He~e, Even though its C-rank its quite good.

I received the two gold coins from Meru-san and put that into the item box.

“Next the reward for subjugation of Orc king.....”

N? Meru-san has a quite a weird face at this moment.

“Is something wrong.”

“Sorry, Since there was no request and hence we cannot reward you for the subjugation!”

A, its like that.

Well that expected.

since I only received the suppression of orc only.

“Its not a problem. Because I am not really that concerned about the money at the moment..”

“Im truly sorry. And lastly its about the rank of Yuma.....Yuma-kun are you possibly free tomorrow.”

“Yes. For now I am free all the time”

“Then that’s good wa. Then can you please come to the guild

tomorrow afternoon ?.So that the guild master can personally decide

the official rank of yuma”

He~e, Guild Master ne. I have never seen them before.

Ma~a I just joined the guild yesterday then it can't be

helped.

“It will be around Noon tomorrow ne. I understand.”

“Please do.”

“Then I shall get going. Thank you for everything.”

And then I left Meru-san and headed towards the exit of the

guild.

Then I could hear whispers in the background,

“Oi, Is he truly the one who took down the orc king ? he still

looks like a child doesn't he.”

“Don't go judging from his face , you

idiot!.”

“I saw it!. He took the headless corpse of the orc king and the a

ton of headless orcs from his item box.....”

“Oi speak in lower voice ! what if he hears your words and come

over for your head then you won't even have a head!”

I won't take your heads yo! They are totally a bunch of problematic

individuals!

Whats with the head-hunting (spit)! It sounded a little cool at the

beginning or so I thought!

I told the reason for such a thing but they became even more

insistent about what happened to the head and so I just ignored

it!

Although this nickname fits quite right away but I know I will

regret this decision tomorrow....

TL:the decision being ignoring their

question for the heads

And so, I left the guild and headed to Zinina.

After a while I was able to reach Zinina.

When I went in through the front door.

“Ah! Yuma-san welcome back! I was little worried since you were a bit late! Is everything fine?”

And Sari spoke in a fast pace.

Apparently she seems to have been worrying about my return.

That’s nice-but what is this

“Ah I am fine yo. But Sari, I just have a question that I need to ask you is that ok?”

“A questionis it? Its alright! You can ask me anything!”
alright then, I will!

“Can I pat your head?”

When I said that, Sari was surprized and her face started to turn red slowly.

“i-,,,its okay, here you go!!!”

TL: Can I also see your

Pant***,Sari:H-here you go!! *gets a huge right hand to the face*

And so she turned her head towards me.

hmmm,she seems to be aggressive.

Then lets not hold back

“O OH! Sari-s hair is very soft indeed!”

Mens hair and womens hair are quite different after all!

And so I kept stroking Sari’s head for a while.

fu~u im satisfied, very satisfied.

“Thank you very much Sari, Its enough already”

Even when I say that to Sari, she does not respond at all.

“Sari??”

When I called her again a few time, Sari finally raised her

head.

That face was very splendidly bright red!

“Th-th-th-Thank you very much! Th-th-then I shall go make dinner

for you, so please wait for a while and excuse me!!!!!! ”

And so she left me and ran away quite speedily at that.

Hmmm, I should probably get her something as a Thank you.

Saria-san who was watching the entire scene that happened finally

started to speak.

“Sari was waiting for you since quite some time for you come back.

No~ I understand what you want to ask but you should know its good

to be young-----”

As I thought she seems to have been waiting for me to come

back.

She seems to be a nice child. I will protect Sari even if this town

was to get destroyed!!

“Thank you very much, then I am a bit tired so I will return to my

room. I will come back down when its dinner time.”

“It alright”

And so I walked back to the room that I was provided.

when I reached my room, I just went and laid down on the bed.

“Fu~u~u~u~u. I don't feel tired due to my physical stats but I am

totally mentally exhausted. Well many things did happen today after

all. ”

Firstly I went to Risa-s shop in the morning, then the orc

suppression request.

And ,ummm,.....that person's name was.....it was definitely something

involving a gorilla.

And then taking down the Orc king and reporting about it.

“Oka~y. As usual my day was packed. Lets just take a break for

tomorrow. I guess sleeping in for tomorrow after a long time does not seem to be such a bad thing.”
Oh shit, not possible, definitely not.
I have to go see the guildmaster at the guild tomorrow.
hA~a.....i feel tomorrows gonna be a quite busy.
A, come to think of it, I don't know if my level went up after I defeated that bunch of orcs.
I still have some time before dinner shall we take a look.

Oh man, something troublesome has been added to the Titles again.....

Chapter 44 - Dinner

.....Fu~u, I calmed myself down a bit.

So, what the heck is with the Headhunter title, why did this
appear!!

When I thought about itthat's right.....ever since I came over to
this world I have
mostly aimed for the Neck.....

Perhaps I am quite a dangerous fellow.....

No it can't be! Its natural to aim for the vitals when in a
battle!

I am definitely doing it right!

We~ll lets just leave it, Lets check the conditions for the
acquisition.

Its been a while {Appraisal}

{Head Hunter}

A title given to those who beheaded the heads of many
monsters.

As long as this title is held, attack success rate against the Neck
increases.

Ho HO!

This is a pretty understandable effect related title on the basis
of the names assignment!

And also just having this title on helps to increases the success
rate of attacks on the necks!

Although its only the Neck but that's still quite a helpful buff,

well its fine since I mostly aim for the neck anyway.
“Fu~u, I was little scared when I saw the title but its seems to be
title that’s effect can be utilized.”

Now, since I’ve already checked my status.
Then I wonder how much longer is left until dinner is ready.
After several minutes.

“Well, I think its almost time for dinner. Lets go.”
I woke up from the comfort of the bed and head downstairs.
As I did so, the inn was completely packed.
Hmm, There doesn’t seem to be anyplace available right now.
Lets just look for a place to sit.
but somehow all the tables seems to be filled.
This is bad. When I was at a loss on what to do.

“O, are you unable to find a table? If you don’t mind sitting with
me then you can have a seat here.”

I looked at the eyes of the man who called out to me.
hmm, This guy seems to be an adventurer as well.
Is it because he are colleagueues and hence you can sit

together?
And therefore I sat together with the adventurer. OF course.
“Oh! I was unable to find an empty table! So please excuse
me!”

So I said to the adventurer who appeared to look like a
hunter.

From the looks of the person he seems to be someone in his early
20’s.

“Its ok! It’s a given that we help our colleagueues!”
“Defintely! E-um Firstly I will start, my name is”
the moment I was about to complete that,

“I know. You’re the headhunter. In the guild right now there’s not a single person who doesn’t know who Yuma of the headhunter is.”

So you were there at the guild at that time huh.

but is Yuma of the headhunter really becoming famous or something.Damn IT!!

Should I have forcibly corrected the name at that time?

“OI OI whats with that shocked look,

Firstly It’s an honour to be provided with a nickname as an adventurer and Secondly yours is even better since its given by others.”

Others? Whats with that?

“Sorry. I just became an adventurer yesterday so I cant help. What is with this two naming?”

“Ah, come to think of it yumma became an adventurer just yesterday.

That’s completely abnormal yo. Two-naming is for adventurers who have at for a few years, if your B-rank then you get the Two-naming or you can keep one Yourself.”

He~e,You can keep one yourself.

but its slightly embarrassing to add another name to your own name.

Also,

“Then whats the two-naming of grace-san?”

TL:Here it

comes!!!!!!!!!!!!!!!

“Of course I know that, grace-sans two-naming is Powerfull

Sword.’

He~e, Strong sword grace huh.

That’s sounds really cool..!

“That’s why Yuma. I think that you’re an unbelievable adventurer

since you’re the second person who earned the two-naming and you’ve

only been an adventurer for only two days.’

hmm, its an honour right.

but still headhunter, Well it is suitable to way I work.....

“Oh shit I forgot since I was talking about other things. I will

introduce myself now, my name is Iguru and its been 2 years since I

became an adventurer and I am C-rank. The weapon that I mostly use

and am adept at is the BOW. Please take care of me from now

I never since such skills as Bow arts. Probably he is good

with a BOW.

But the main problem is, this guy ! is a pervery! No way!

I am not going to allow this person anywhere near Sari, never. I

have to make sure of it.

“Wha—What is it Yuma? I feel very scared by you all of a

sudden.”

And Iguru starts chattering away again.

I am not angry at all, Not YET.

“No, its nothing IGURU”

“IS-is that so?”

When I was talking, Sari came towards us with dinner in her

hands.

“Yuma-san and iguru-san im sorry to have kept you waiting. This is

your dinner for today.”

What, Sari knows who iguru is?

when I was thinking such a thing ,iguru

“Thank you Sari-chan. You look cute as usual today. How about going

out on a date with me tomorrow.”

This guy, should I cut his neck?

I wonder if noticed my gaze.

Iguru’s face turned pale.

Its because that was a joke. Im not serious. NOT YET.

“You are with that again Iguru-san. Didn’t it refuse you already

before this?”

“YES YES YES YES. Im-im sorry for troubling you!!!!!! ”

“You don’t have to apologize so aggressively and desperately. Then
Yuma-san I will take my leave. Please take your time while you have
the meal.!!”

And so, Sari returned back to the kitchen.

Sari has left and hence I resolve my hostile eyes.

then the face of iguru which was pale slowly regained its
colour.

Lets let this go as warning Number 1.

“Iguru. Sari is a very important person to me. if something happens
to her then i will definitely reap that persons neck. Do you
understand?”

“y-ya I Understand”

Hmm, if you understand then its not a problem anymore.

“hmm,But Yuma! You are quite friendly with Sari aren’t you? Are you
possibly going out with Sari-chan.”

“no, im not going out with her. Sari is relative of the person who
took care of me sometime ago. So I will make sure to protect
them.”

“He~e, then Yuma does not have any feeling for Sari-chan at
all?”

“I don’t really know. Indeed Sari is certainly cute, if you ask me
if I like then I definitely do, but if you ask me if I like with
feeling of love then I don’t know, since I only came her only
2-days ago.”

“Fu~u is that so. We~ll lets forget that and dig in! the food will
turn cold and a good dish will go to waste.”

“A-that is so. Lets have dinner for now.”

And so

we started eating.
Yes, as I thought its really good.
After a while.

“ha~a im full, fullll !. As I thought this place is the much better
than the shop that I was about to go to.”

As I thought the food in Zinnia seems to be quite delicious.

“Then Yuma, then I will go back to my place now!.”

“I will also go bacl, I was quite tired from today and I want to
take a break as soon as possible after all. ”

“Wa! You took down the Orc king and all you say is that your only a
little tired as I thought you quite the abnormal.....Then bye Yuma.....

I had nice time talking with you!!”

“Ah, I also had a good time talking with you. Then see you
again.”

And so I and iguru moved our separate ways.

then I came back to my room and laid down on my bed.

Fu~U this was my first time talking to adventurers other than
grace-san.

Although this was the first time, he seemed to be a wonderful
guy.

It would been good if he wasn't a Pervert.But come to think of
it.

Even I have the title of Pervert therefore I cannot say much about
other people.

Then tomorrow I need to go to the guild in the afternoon.

Guild Master huh, I want to know what a kind of a person he
is.

shall we stay in bed all the way until afternoon?

Somehow I feel nostalgic!

While I was thinking such things I fell
asleep

Chapter 45 – Weapons Shop

.....Hmm, it's morning already?

“Fu~u, I slept well, really well.”

By looking at the scene outside, it hasn't been that long since the sun has risen.

Shall I go back to sleep?

No, The early bird gets the worm, let's get up.

“For now, the only major thing to do today is meeting the guildmaster at the guild. What shall I do until then? I am quite bored, so shall we just take a stroll through the city?”

We~ll, let's go have some breakfast.

So, I thought as I got up from the bed.

I get ready and head downstairs and toward the dining hall on the first floor.

When I came to the first floor, as expected, there were not that many occupants.

Well, it's still early in the morning.

When I was thinking such things, I heard a familiar voice calling out to me.

“Yo, Yuma. Good morning. You're an early riser huh. Come on, have a seat and let's have breakfast together.”

Its Iguru.

“Ah, Good morning Iguru. You are an early riser too, huh.”

We exchanged greetings and found a place to sit down and I sat opposite of Iguru.

“That's true. We adventurers do get up early in the morning. I don't think there is any adventurer who would sleep-in until noon.”

“Well, that is so, isn't it.”

When I was speaking with Iguru, Sari came over when she spotted us.

“Ah, Yuma-san and Iguru-san. Good morning to you both! I am going to go get breakfast ready right now, so please wait for a moment.”

As expected, Sari is very energetic in the morning. That’s a good thing.

“Ah, Thank you very much, Sari.”

She returned to the kitchen with a huge smile on her face, was it because of what I said?

“It's such an envious thing right in the morning. I also want to find a good girl like Sari-chan for myself.”

Honestly, from what I can see, Iguru seems to be in the category of ikemen (TL: Handsome shining men)

“It’s seems like you don’t normally get up this early, Did Iguru receive a request?”

“Ah, today I am going to receive a request for the subjugation of some high goblins.”

Ho, I have heard of goblins, but not of these high goblins.

“I know about goblins Iguru, but what kind of a monster is a high goblin?”

“You don’t even know about such a thing! Well, I guess you're still a new adventurer after all.”

It can’t be helped.

It still hasn’t even been a month since I have arrived in this world.

“Well, high goblins are the same as a goblin. They are just a bit larger and they have a small horn growing from their head.”

“I understand. What about their strength, how strong is this monster?”

“Ah, the strength is a little higher than that of a goblin, it’s not that big of a problem. And it is a D-rank monster.”

Hmm, then I guess it’s not going to be that hard if you keep moving around.

“Then, Yuma what are your plans for today?”

“Aaa. Well, I am supposed to meet the guildmaster at the guild later today. It is to decide on the rank increase due to my subjugation of the Orc King.”

“Are you serious, that’s awesome! Yuma is C-rank right? It’s possible for you to easily upgrade to B-rank, maybe, you might even get upgraded to A rank!”

“A-rank huh.....come to think of it, how many A-rank adventurers are there total? ”

“A-rank huh. It should certainly not be that much, Even if all the guilds are taken into consideration, then the number still might not go over 200.”

“That’s unexpectedly really low”

“That’s true. There are lot of people who are trying to get to A-rank, but unfortunately, most of them end up dying along the way.”

“Iguru, are you not aiming for A-rank?”

“Me? There was a time when I put in all of my effort for it, but now, I have already given up. It is most likely that C-rank or maybe B-rank is my limit.”

“Is that so?”

While I was talking to Iguru, Sari brought us breakfast.

“Sorry for the wait. Then, please take your time to eat, Ne~”

Sari went back to the kitchen as soon as she placed down the breakfast.

Meanwhile Iguru,

“Alright then, let’s dig in!”

“Alright”

Breakfast was completely cleaned up in a matter of minutes.

“Fu~u I am so full~ Alright then, Yuma, I am going to go on ahead.”

“Ah, alright, see you soon.”

And so, Iguru and I separated is what I thought.

Iguru came back, as he had something to say,

“I forgot that I had to say something to you, Yuma, ze!”

What is that you wanted to tell me? What could it be?

“Well, if it's Yuma, then it's nothing to be worried about, but still i'm going to tell you. Recently, there has been reports of a Ripper, it's better that you know about it. There have already been quite a few people who were attacked already.”

Oh, Ripper huh.

That's quite a dangerous story. Its scary.

“Alright. I will keep that in my mind, thank you.”

“It's alright, yo! Well, if it's you, I don't think that you will lose out to a Ripper! Then, i'm setting off. See ya!”

As he said that, Iguru left the inn.

Ripper, huh. I will try to keep that in the corner of my mind.

Now, since I have already had my breakfast. What shall I do now?

It's still too early to go to the guild. How about going to the weapons shop to look at their inventory?

Let's talk to Sari when she comes out from the kitchen before I go.

“Sari, the breakfast was delicious. I am going out for a bit, but I will be back in time for dinner, so I am looking forward to it.”

“Ah, Yuma-san! Please go ahead! Please don't go if it's too dangerous though! Please try not to get hurt.”

“I know. Alright then, i'm going.”

And then I left zinnia.

Now, it's been decided to go to the weapons shop.

Where is the weapons shop again.....?

For now, I have plenty of time. Let's look for it slowly.

While I was searching for the weapons shop, I heard a conversation happening behind me.

It's not a conversation that is going on about me, but still let's listen in on

what it is about.

“Have you heard? There has been sightings of a Ripper, ze!”

“Are you serious, yo! Which number and who is it this time?”

“This time, it’s a woman again! There is a woman in my party too. So, i’m seriously scared about it.”

“Well, the guild will definitely capture him if they notice his movements.”

Hmm, the Ripper demon matter sounds more unusual than I thought.

After a few minutes.

I found the weapons shop finally.

I knew I could do it.....

“Umu, it’s an old-fashioned store. If you bump into something accidentally, then you will definitely get hurt.”

Let's stop feeling scared and check it out.

But, this shop is the only weapons shop that I could find even after searching for a while.

We~ll, let's go in for a bit. Maybe, there might be quite a few wares that have cheap prices.

And so, I opened the door and walked into to the shop.

The shop is filled with various kinds of weapons, which makes it look all the more beautiful than from the outside.

But, there is no-one to speak to.

“Excuse me..... Is there anyone here?!”

When I called out about three times, An ossan came out from the back door of the shop.

He looks amazing, He’s got a huge beard.

But, it's considerably messy. He staggered a few steps when he came this way.

“I can hear ya. It’s been a long time since a customer has shown up, well, you’re the only one who has come in a while to a stale shop such as this. I guess you have here after a while, have a look at the items available freely.”

“Thank you very much”

Then, then let me check out the products.

I hope there is a good weapon here.

After a while.

I looked everywhere and my eyes spotted a weapon by the side.

The length of the weapon is longer than that of a knife, and shorter than a sword.

Is there any meaning in rounding off the tip?

The engravings look like vivid blood.....

Let’s appraise it for the time being.

{Demon Ripper}

It is an ancient cursed knife bearing a horrible curse and sharpness.

The knife can increase its sharpness by absorbing the blood of its victims.

The sharpness can also be increased temporarily by feeding it magic power.

However, if the one who touches this weapon doesn’t have sufficient magic power, then it will drain the life of such a person.

What is with this weapon.....

The sharpness and performance itself is extremely high, it’s definitely among the highest ones that I have seen until now.

But, this is a cursed weapon, I feel quite curious about the curse.

For now, let’s take it for the time being.

Please don’t curse me and drain my life.

When I tried the Demon Ripper,

Hmm, I don’t feel much changes anywhere.

When I look at the status the truth was..... the MP was decreasing slowly.

Oh, I see. If I keep this in my hand then it will continue to drain my MP gradually.

When I was holding the Demon Eipper, the old man came toward me.

“You! Are you still fine while holding that thing!?”

“Yeah. There’s absolutely nothing wrong with my body at the moment.”

“That’s a relief! One time there was an adventurer who also picked it up! He was pleased with the weapon at first due to its tremendous sharpness, but after a while, he started to gradually weakening and eventually died. Did you get what I said?”

I see. That person did not have MP probably. Therefore, in place of MP, it started to consume his HP and he eventually died.

“I don’t have such problems at all. And I would like to buy this weapon, but how much is the price?”

“Ah, If you're ok with such a thing, then you can have it alright. Even if it stayed here, no-one would buy it.”

“Are you serious?”

I GOT IT!!

“Ah, But promise me just one thing, can you do that? Don’t you die because of that thing alright, do you understand me?”

“Understood. It's alright. I am not a person who would die because of such a thing.”

“What! There is a person in this world who would say such things casually?”

Well, that’s true.

“Then, I will take my leave since I have other things to do. Thank you very much for your patronage.”

And so, I left the weapons shop.

Alright, I got a steal! I feel satisfied!

But, certainly if you have the Demon Ripper on you, then it will consume your MP gradually.

Let's put in the item box for now, when I don't have any use for it.

Let's try not to use Demon Ripper along with Sign Isolation, for now.

Alright, it's almost noon.

Let's head to the guild a little early.

Chapter 46 - Guild Master

I left the weapons shop and started walking.

After a while,

“Alright, I was somehow able to get to the Guild before noon.”

I spent a little too much time in the weapons shop causing me to believe that I would be late.

I'm not though, which is a relief.

Alright then, lets quickly go see the Guild Master!

I wonder what kind of a person he is?

I am feeling slightly excited!

As I was thinking such things, I opened the door to the Guild and went inside,

“Oi, he’s here. This is the Head Hunter.”

“Are you serious? That kid over there is the one who took down the Orc King? The Head Hunter Yuma?”

“Well, you can’t judge him by the way he looks. S-rank Shiden also looks like a child, but his strength is on another level.”

“That’s right. Its foolish to judge the strength of an adventurer just by his looks.” (ED: Don't judge a book by it's cover XD)

I have been called that many times already.

But, why is that my professional name has been accepted as my hunting pattern.

Is it because of the all the headless bodies?

I guess I can’t argue then, since that is how I usually fight...

When I was thinking about those words, I heard a nostalgic Ossan’s voice.

“Yo~o, Head Hunter Yuma-san. You have certainly become a celebrity all of a

sudden! You can't call me your senior from now on!"

It is Grace-san.

No, the main thing is, this guy is always in the guild.

Is he that free?

Ah, his weapon is still in repair after all.

It can't be helped.

"No, No. I'm still not quite there yet, I still have a long way to go."

When I say so to Grace-san,

"HUH!? Is that so, is that so! Then, it can't be helped! For now, I will teach you the way of the adventurers, so make sure to pay attention, yo!"

"Yes, please do so. Thank you very much!"

I think Grace-san is a nice person.

I am pleased that the first adventurer that I met was this person.

If by chance something happens to Grace-san, I will use everything in my power to help him.

"Also, Yuma. What is your business in the guild today? Right now, I think that the High Orcs are the recommended requests for today!"

"That is so. I might possibly do the request, but for now, I have to go meet the Guildmaster about my rank up."

When I say that to Grace-san, he made a slightly bitter smile toward me.

"Is that so, you have to go meet that old man?"

Apparently, Grace-san seems to have already met the guild master previously.

"Do you know the guildmaster?"

“Well~ yeah. That ossan is a kind Guildmaster, he is a good person. But, there is just a small problem.”

Problem?

“Whats the problem?”

“Ah, right now, that ossan has already retired from being an adventurer, but in the past he was quite the battle maniac, yo. Yuma, make sure to be careful? That person might just attack you suddenly in the midst of the conversation, it can't be helped after all.”

Seriously!

Well, certainly there is no reason to attack during the conversation for the promotion.

“Is-Is that so. Understood. I will make sure to careful.”

“Then that's fine. That's quite the relief. We~ll, you can go already.”

“Yes, I will go now.”

I parted with Grace-san and went to the place where Meru-san was.

Meru-san seems to have also noticed and started talking to me while repressing her laugh a little.

“Hello, Yuma-kun. No, shall I just call you Head Hunter Yuma instead?”

“Meru-san too, Please stop it. I really dislike that Head Hunter title a lot.”

“Fu Fu, Im sorry. But, your professional name is something that your adventurer friends made for you with respect. It is only recognizable by them, yo. So, that's not such a bad thing. ”

“I know that, yo. I am honoured to have obtained a cool professional name.”

“Fu Fu, then your safe, ne. Well, Yuma-kun, this is still a bit ahead of schedule, so I will hand over the money for the cockatrice and the Orcs corpses now. Only the corpse of the Orc king will take a while to sell.”

Ah, Come to think of it, I sold the monster material to the guild.
This is bad, really bad. I totally Forgot.

“Please do.”

“Then, first is the Cockatrice that is about four Gold coins, then next is all of the Orcs together which equals five gold coins.

And so, I received nine gold coins from Meru-san.

Hmm, The Orcs cost quite a lot less. Well, there were around twenty orcs, after all.”

“Thank you very much!”

“Fu Fu, this is the first time that I have seen an adventurer who has earned his pro name in just two days.....Now, Yuma-kun, its almost time, so lets go. I will lead the way.”

Oh, its already that time huh?

“Yes. Please do so, thank you very much.”

“Then this way please.”

Me and Meru-san went to the back of the guild where the back door was located.

Hmm, The Guilds interiors seems to be quite huge. I would have been lost if I had been alone.

After a while, we arrived at a room with a huge door.

“Yuma-kun, this is the room, yo. The Guild Master is waiting for you behind this door. Yuma. since its you, then its not a problem, but make sure not to behave rudely in there.”

“I understand.”

“Then, lets go in”

Oh, Meru-san is also coming with me.

Well, it’s ok. For now, lets go quickly and enter.

“Fuun!”

Suddenly, a fist came flying toward my face!!

It was at a speed that I couldn’t have stopped if it was the previous me!

But, after taking down the Orc King, I was able to sufficiently level up, so I could react accordingly!

I caught the fist that was approaching my face with a single hand!

Che~, this fist is quite strong! Its not as big as the Orc King, but the strength is definitely stronger than that!!

“!?””

The person inside the room, who saw me stopping the fist with a single hand, was quite surprised.

Fumu~, according to his features, he seems to be about fifty years old.

But, looking at his build he looks like a muscle headed ossan!

Now, Im not just a person who would accept such things and act gentlemanly and keep quiet.

As expected, weapons cannot be used.

The moment I was about to retaliate,

“Hey!!! What are you trying to do all of a sudden to the Guild Master?”

At that moment, I heard Meru-san's voice.

This ossan (Tl: Muscle Head in this context) is the Guild Master?

And then, I remembered what Grace-san had told me about the Guild Master.

I see, this guy is definitely a battle maniac...

Chapter 47 - Promotion and Request

After a while,
Sitting in front of me was the Guild Master, bowing with his head down.

“I'm truly sorry! As the Guildmaster I was really only trying to see if you had the power to take down the Orc King! I am really sorry about this incident.”

We~ll, I guess it can be accepted if your gonna apologize in such a way.
But,

“No no, I don't mind it. Then, what was your real intention?”

When I said so, the Guildmaster smiled.

“That is, I wanted to know if you truly had the power to take down the Orc King alone, so I thought you would at least be able to resist my punch! What do you think? Do you think you can have a fight with me!?”

Right then, Meru-san,

“Guren-san. Yuma is a very promising adventurer for the guild. If he was injured by your actions, then what would we do? Please exercise self-restraint and act your age.”

When Meru-san said so, the Guildmaster made a giving up expression.
But, soon there was a smile on his face.

“Even if you tell me that, if there is such a strong guy in front of you, it is a little hard to stop my hand from flying out.”

This guy, how did he even become the Guildmaster with that kind of a personality?

“I'm sorry, Meru-san. Please don't worry about me and let's stop this here and

move on.”

“If that is what you want, Yuma. I understand.”

“Thank you very much. Now then, Guildmaster-san. What did you call me here for that you wanted to speak about?”

“Ah, that’s it, that’s it! Since you were quite strong, I totally forgot about that matter!!”

Is it really fine with this guy being the Guildmaster...?

“Well, before I start to talk about that, let me introduce myself! My name is Guren. I am well know as Scorching Heat Guren. It’s a pleasure to meet you.”

Oh, a pro name. That means that this person is at least B-Rank or higher.

“My name is Yuma. Well, recently im being called, Head Hunter Yuma. My regards to you too, Guren-san.”

And then, both I and Guren-san shake hands.

Oi, Guren-san, that’s a little too much strength into grasping hands!

I'm also a little irritated, lets put in some effort into this too.

“Gu nu, As I thought, you have it in you! I haven’t seen a person who could overwhelm my power since quite a while.”

“Then, it’s an honour.”

And so, we let go of eachothers hands.

Now, before we really start talking, lets Appraise him a little.

{Appraisal}

Guren

Level: 54

Strength: 112

Endurance: 72

Agility: 82

Luck: 103

{Skills}

Sword Arts: Level 5

Berserk: Level 3

Fire Magic: Level 3

Sign Inference: Level 3

Stealth: Level 3

(TL: Stealth is actually written as Sign Concealment, but that would just confuse you. Since Yuma has Sign Isolation, which is kind of like a higher version of this)

I see, he is pretty strong.

He seems to be almost on par with the Orc King.

Well, the strength is a bit lower compared to that.

Then, the next thing is Berserk, that's a little interesting.

“Now, i've already introduced myself, so lets get to main point. Firstly, as the Guild Master, I thank you for taking down the Orc King and saving the city.”

And so, both Guren-san and Meru-san bow their heads to me.

“No no, it is only natural. Well, I only took down what the request told me to.”

When I said that, Guren-san raises his head and starts laughing.

“What! You only just took down the Orc king? As I thought, you are quite interesting!”

Guren-san grinned a bit,

“Now, the matter of your rank is the next topic of discussion.”

Oh, Its here!

I WAS WAITING FOR THIS!

Now, what rank will I become?

“Originally, the Orc King is an A-Rank monster. Since you have defeated an A-rank monster, then you should be promoted to A-Rank, but.”

But?

“If I suddenly raise your Rank to A, then the guilds in the other towns will start to pester me! I'm sorry about this, but this time, you'll have to make do with B-Rank. I am truly sorry about this.”

Umu, as I thought, a sudden increase to A-Rank is impossible.

But still, B-Rank is enough.

“Its ok, I don't really mind. Im happy even if its only B-Rank.”

“Is that so? Then i'm saved. I will make sure that you get A-Rank if something like this ever happens again! I swear on my name!”

“Thank you very much.”

For now, I am B-Rank.

It has only been three days since I have become an adventurer.

I have already caught up to Grace-san.

“Then Meru, Yuma shall be promoted to B-Rank, so please take care of the procedures.”

“Roger that, Guild Master.”

And then, Meru-san left the room, leaving us here.

“Then, I shall also leave.”

The moment I said that I was leaving,

“I'm really sorry, but can I ask a little more of your time to talk?”

I wonder what it is?

“I don't really mind, was there anything that you want me to do?”

“Ah, If its you, then I guess your ability is enough. Therefore, I have a request to ask of you. Consider this a Promotion request.”

“I don't really mind, what is it about?”

“Thanks. Well, its like this, have you heard about the Ripper Demon that has been rumoured to be active in this city?”

The Ripper Demon, huh?

“Yes, several times since this morning.”

“Alright, Its about that Ripper Demon. That guy was probably a member of the guild in the past.”

Ho, Former Guild Member, huh?

“Then you wish for me to capture that person and bring him to you?”

“To put it simply, yes.”

“Then, why did you say that this was a personal request from you?”

“Ah, that guy's name is Bakiru, He is a former B-Rank. It is quite difficult to capture a person of such rank easily. I did ask this of Grace-san, but since his weapon is damaged, it can't be helped. So, you're the only one left to ask this of.”

“I see, I understand. I will accept this request.”

“Thanks a lot!”

“And by the way, I have a final question. Is it fine If I killed that person called Bakiru?”

Its an important question. The difficulty of the request will rise accordingly to capturing a person rather than killing them.

“Ah, Its fine even if you kill him. Since he will be executed even if he is caught after all.”

Then its not a problem. I can do this without hesitation.

“Roger.”

“I leave it you you! He usually walks in the parts of roads that are not frequently used by people during the night.”

“Understood. Then I will take my leave, Please excuse me.”

After I said that, I left the room.

Chapter 48 - Test

.....Fuu~

Alright, the talk about the promotion has ended for now.

Although A-Rank was impossible, I was able to get to B-Rank quite easily.

With this, I can receive high difficulty requests

from the guild. Well, im not going to go for it just yet.

First, i'm going to raise my level appropriately before

going for a request. Since I don't know what there could be because this is a different world. I will take it slowly and safely.

Now, the rank request. Well, the Ripper seems to be active during the night because most of the cases have happend during this time.

The problem is that the Ripper Demon, is Bakiru.

Is Bakiru strong enough to defeat me or not? Well, he might be bad, but he is on the same level as Grace.

If I am not careless, then it won't be a problem.

Well, there is quite a lot of time before its night. For now, shall

I go back to the hall and look at the request board?

And so, I headed toward the hall.

When I got back to the hall, the excited Grace-san came over,

“Oi! Yuma, you’re back. How was it? Did that ossan do anything?”

“He did. The second I went into the room, he threw a fist at me.”

I would have definitely fought back if it was a little bit more.

But, I felt pleased since I won the fight with that battle maniac even without fighting him.....

When I said that, Grace-san started to laugh wryly,
“Ha~a, that man doesn’t change even after so many years.”

Grace-san seems to have been both a little shocked and a little happy for some reason.

“What rank was Yuma’s increased to?!”

When Grace-san asked me this question, all the surrounding adventurers turned toward me. I seem to have attracted quite a lot of attention.

“My rank has been upgraded to B.”

When I said that, suddenly, the whole hall got excited and screamed out.

““““OH OH OH OH OH!!!””””

“AWESOME!!! Head Hunter has reached B-Rank already!”

“Ah, In the guild, no, in all of the guilds up until now, this is the first time I’ve heard of someone reaching B-Rank in just three days!”

“Probably! If he keeps this up then S-Rank, no, even SS-rank is not

that far for him!?”

“Oi oi! There hasn’t been an SS-rank guy in quite a few years. It might be an absurd thing even for Head Hunter, right?”

Isn’t everyone a little bit too excited?

While I was thinking that, Grace-san,

“Whats wrong, Yuma?”

“Its nothing, I was just thinking that they were exaggerating a little too much.”

“Not really, this is not really being exaggerated. In fact, adventurers of B-Rank amount to only a few percent of the total. And, you reached B-Rank in three days time! I don’t think them exaggerating this is strange at all!”

I see. There were already only a few B-Rank adventurers.

Then, I guess I can understand what all the fuss is about.

“I see, I understand now.”

Ah, so Bakiru was in the guild previously right?

Then, that means that Grace-san might likely know about him, I could get information from asking about him.

“Grace-san, I have a question, Do you perhaps know of a person called Bakiru who was a former guild member?”

When I asked that question, the guild which was noisy up until now, became deathly silent.

“Yuma? You probably got a request from the ossan about the Ripper Demon, so you must already know that it is about Bakiru, huh?”

The Grace-san who was making an excited face suddenly turned serious in an instant. As I thought, you know about Bakiru huh.

“I did, I just received the Promotion Request!”

“I see, If I had a weapon then I could have caught him myself but, you must make sure to be careful Yuma. That guy is someone who would do absolutely anything to make sure that his goals are achieved.”

I see, I was wondering what kind of a personality he had since he was named the Ripper Demon but now, I guess I don't have to hold back at all.

“Understood. I shall not be careless, I will excersie my full power.”

“Then I can feel relieved!”

Grace-san seems to be relieved that I said that.
Now, that's a request though.

“Then Grace-san, there is still a lot of time until the night when he will appear, even though its early, I shall take my leave.”

Before the fight with Bakiru, shall I go raise my level, even if

its just a little?

And also, there is still that weapon that I have yet to test out...

“Oh, lets go for it.”

Alright then, which request should I pick?

And so, I moved to front of the request board. The board i'm

looking at is the one for C-Rank's.

Of course, there are quite a few people already here.

Now, oh, Orc suppression is there again.

If its Orc suppression, then its just the right thing for my

Test!

Then, let's do this one, I guess. I bring the Orc suppression request to Meru-san.

“Thank you for the help, Meru-san. I shall take this request for today.”

“Yes, Orc suppression, right. Yes, it has been confirmed. Yuma, this may be unnecessary, but I shall tell you this; please make sure to be careful, and also, this is your B-Rank Adventurer Card.”

I recived the B-Rank card from Meru-san.

“Thank you very much. Then, I will be off.”

And so, I left the guild and then the town gates and kept

moved forward.

Now then, this Orc suppression is at the same location as the previous one.

There is no problems about the direction. Therefore, Run!

I ran at full speed from the gate! The gatekeepers were astonished, but it doesn't seem to be a problem.

Since I ran with my full power, I was able to arrive at the location in a matter of a few minutes.

"I've already reached it. As usual, the power of my body is definitely strange."

All the previous records in my previous world would have been completely broken. I rather feel like i'm on the same level as the existence of a monster.....

"Now, lets quickly search for an Orc and start the experiment."

The new weapon, Demon Ripper, I feel excited since I will be able to use it.

I enter the Orc forest to search for them quickly. Just for this experiment, I hope there is even an Orc King because that would help me greatly. We'll, I dont think it's possible though.

After I started searching for a few minutes, I was able to find an

Orc quickly.

“Oh, isn’t this a good omen!”

Alright, let's quickly take it out.

Firstly, I take out the Demon Ripper from the Item Box.

As usual, it looks terrifying. Then, I prepare to activate Sign

Isolation.

“Let's go!”

And so, I proceed to make my way toward the back of the Orc while quickly stabbing it in the neck!

“DIE!

And then, the Orcs head separates from its body as if there was no resistance at all, like a hot knife through butter. There wasn’t even time for it cry out its usual death cry.

“This guy...is way sharper than I expected.”

Honestly, I didn’t put in much effort into it at all.

And this was the result. If I put in all my strength, then maybe, I can cut the body up into two halves easily.

Now then, let's take down a few more.

And then, after a while, I was able to take down three of them.

“Fumu, as I thought, if I use Sign Isolation along with Demon Ripper, it takes quite a lot of MP. Then, I guess it's better to quickly level up and increase my MP.”

Right now, I can see an Orc in front of me. For this last one, shall we try to take this one down using Magic Imbue? Since I don't know how much magic it will cost, let's first take an MP potion and fill it up. Alright, this is final experiment.

“Lets go.”

I proceed to make my way to the back of the Orc since he still hasn't noticed me yet.

I send magic power into the Demon Ripper, and the Demon Ripper seems to have extended, even if it was just a little.

Now!

Magic Imbued Demon Ripper with full force was slashed toward the neck!

And so,
“Is this.....real.....?”

The neck of the Orc was cut cleanly.
But, that wasn't the end. Somehow, three tress behind the Orc were cut down in the same way as the Orc's

neck.

I was really shocked at the sharpness of the
knife,
“Guu~, what is this...I feel dizzy all of a
sudden.”

Suddenly, my vision got blurred and dizziness struck.
Don't tell me! And so, I check my Status and notice that my MP has
only a little bit remaining.
“First,..... I can't lose consciousness in the middle of the
forest.”

With my consciousness blurring, I managed to somehow take out an MP
potion from the Item Box and safely consume it, which lets me
successfully recover.

“Haa haaa, thank god that I bought the potions during the time I
took the Cockatrice request.”

Slowly, my consciousness began to return to
normal.

“Fuu, still, that one attack with Magic Imbued Demon Ripper. It was
definitely a deadly attack. But still, just because of that one
attack, my MP was almost at it's limit, and with a single use it
caused me to be unable to fight for a
while.”

This is, I have to definitely raise my level as quickly as

possible.

Hmmm, I still have time before it turns night.

“Alright, until then, I guess i'm going to keep hunting Orcs for a while.”

I kept hunting there for quite a few more hours.

Chapter 49 - Anger

I'm totally tired. I kept hunting the orcs for several hours.

Perhaps, there are more than fifty or so in my Item Box. Naturally, they don't have any heads.

There is no such thing as killing too many orcs.

If I want to kill more, I would have to go even further in it seems.

Now then, this is the result of the Orc massacre.

“Fumu~, this is after more than fifty orcs. As expected, the growth is not as explosive as when I first took down an orc, Maa~ the basic MP stat is steadily increasing which is the main thing, also the skill, Magic Operation is new.”

Lets appraise it quickly.

{Magic Operation: Level 1}

The consumption of MP is decreased for all skills of the magic category.

For every magic skill used, the proficiency increases.

This is a pretty good skill! The use of magic power while using skills such as Sign Isolation and while using Demon Ripper decreases.

If that's true, then is a pretty good skill.

It's good, but its still Level 1. You can't expect much from it as of now anyway.

In the meantime, I shall try not use Demon Ripper repeatedly.

Every time I use it, I get exhausted just as quick.

I can use it a few times, which is not a problem.

If I need to, there is still my poison knife.

Well, for the time being, let's keep hunting in the forest.

Let me at least reach Level 100.

Fortunately, there seems to be more Orcs available for this mission.

“FuFu, i'm going to kill all the Orcs in this forest! Wait up, you pig heads. Aaaaaaaaaaaaaa!”

Oops, that was a little to much tension.

I guess its time for me go back, there is still the issue about the Ripper Demon.

“Honestly, if any of my acquaintences had been harmed then I would have gone

after the Ripper Demon a long time ago. Since I have already accepted the request, i'll do my best.”

And so, I made up my mind and started to head back to the exit of the forest toward the city.

And at that moment,
“What? Isn't that the Orc King?”

In my line of sight was an Orc King happily eating a Rabitt

Oi oi Grace-san, I thought you said that rare class monsters were hard to come across.

I encountered two of them in two days..... Aren't i lucky! This is a level up oppurtunity!

Coveniently, the Orc has his back open, let's start quickly.

“ Demon Ripper out, Sign Isolation on.”

Alright, preparations are complete. Let's take it down.

I run quickly to the back of the Orc King without him noticing me.

Well, last time, the Orc King did not die all the way until his head was separated from his body and on the ground.

“Bye Bye”

In a single slash, the head of the Orc was seperated from his body and fell to the ground beside my feet.

“Last time, it was quite hard to get rid of him and it took awhile, I can feel the growth from then to now.”

My level increased by three in one go.

Truly, just what you expect from something called an Orc King, t

he experience efficiency is quite good.

If what Grace-san told me is true, then this could definitely be an unusual situation.

Well, i'll just tell Meru-san or Guren-san about it after I go back to make my report.

I thought these things while I left the place.

A few minutes later, I was able to get out of the forest safely.

“Now then, let's go back to Forxx.”

If I go back right now, then there will still be a little time left before the Ripper Demon comes out.

So, how about eating a meal over at zinnia before heading out to search?

In a few minutes, I was able to safely reach Forxx.

The situation seems to be quite noisy at the gate, let me check with a gatekeeper.

“Excuse me, the city seems to be in quite a chaotic state, did something happen?”

“Ah, its Yuma-sama. It is actually because of the Ripper Demon.”

Oh, its the Ripper Demon huh?

I thought since Guren-san told me that since he was only active at night, I could slowly come back.

I should have come back a little earlier, that regrettable.

“That child who was attacked, Sari-chan. I hope she is ok.”

(ED: *Shakes Fist*)

Just now.....What did you say.....?

“I'm sorry, but could you repeat the name of the person who was attacked?”

I wonder if i am making an extremely scary face right now because the gatekeeper seems very scared.

“Ah ah ah. The child of the owner of the inn zinnia, Sari-chan. “

The next moment, I ran through the gate and toward zinnia at full speed.

Damn, why are there so many people over here?

I don't care if it attracts attention, i jump onto the roof and continue to run.

“Quickly, faster, faster!”

I ran toward zinnia at full speed, since there are no people blocking my path.

I was able to reach zinnia in a matter of seconds.

I ran quickly toward the door and opened it.

“Sari, are you alright!?”

My voice caused everyone's eyes to fall toward me, that's a lot of people.

And then, Saria-san called out to me.

“Isn't it Yuma-san? Your back pretty quickly, is everything alright?”

“Leave that for later, is Sari alright? I heard she was attacked by the Ripper Demon!”

“Ah, she was attacked, but apparently another person just passed through the alley she was in, the criminal escaped when she called that man over to help. She is currently safe and is sleeping in the back right now.”

The moment I heard that, my legs gave in and I sat down on the ground with happiness.

That's a relief. It's really a good thing that Sari was able to live.

“ She is hurt pretty badly. Therefore, she is unable to cook for now.”

Injured, you say?

“I'm sorry, Saria-san. But please take me to where Sari is, if she is injured, then my recovery magic can heal her quite a bit.”

“Tru-truly you can!? Then, please go ahead and heal her. She has been depressed about it for quite a while now.”

“Please leave it to me. I will definitely heal her!”

And so, me and Saria-san go to the place where Sari was sleeping.

I opened the door to the room and entered inside when I heard a voice,

“Yu-yuma-san?”

It looks like Sari seems to be awake.

“Sari, I heard that you were attacked by the Ripper Demon. I'm really sorry, if only I had returned earlier.....if only i had caught him earlier.....then this wouldn't have happened.....”

That's right, I was naive.

I thought since he only comes out at night, then that meant that he wouldn't come out at any other times.

Because he hasn't involved my people before, I took time to deal with him and the result of my actions led to this.....

“No way, this isn’t Yuma-san's fault. The criminal is the only one at fault! It's alright, I am full of energy. My injuries will heal very quickly.”

Is Sari trying to encourage me?

Does she feel like I would do something reckless and get myself injured?

“Sari, I will cure your injuries now. Is it ok if I cast a recovery spell on you right now?”

“You, you can heal my injuries! Then, thank you very much!”

“Leave it to me. I will definitely heal you. {Heal}”

I use Heal with all of my MP.

Then, a deep blue light comes out of my palms and encloses Sari completely. Saria-san watches the scene quietly.

Thank you, Saria-san, for putting your trust in me.

Normally, if you see such a thing happening in front of you, then you would definitely try to stop it.

After a few seconds, the light fell slowly and the appearance of Sari was clearly visible,

“Sari, how is it? Does it hurt anywhere?”

When I said that to Sari, she didn’t move for a second.

The next moment, she started to touch herself everywhere with a *Peta Peta* sound.

“Yuma-san amazing! All my injuries have healed. There is no more pain in my arms and legs! Thank you very much, Yuma-san!”

And then, Sari suddenly hugged me.

The recovery magic seems to have been successful, that's a relief.

"The wounds seem to have healed, that's a relief."

"Yes! With this, I can make Yuma-san dinner today as well."

Saria-san, who heard what she said, started laughing with tears in her eyes. She seems to have noticed Saria-san laughing and understood the situation now. Sari gets off me and becomes completely red faced embarrassed.

"Yuma-san, I'm sorry. I became a little too excited...."

"It's alright, it's not a problem at all. Rather, I'm more than welcome for that."

When I said that, Sari, whose face was red, became an even darker shade of red.

"Fu~ You are totally flirting right in front of her parents! Iya~a I understand, ne~! Then Sari, you have some more rest, I will prepare the dinner this time."

"That's right. It's better to sleep for a while more even if you say that you have completely healed."

And so, both Me and Saria-san left the room.

It was pretty cute watching her getting out of bed with a red face and waving at us when we left.

After coming out of the room, Saria-san said,

"Yuma, For the matter of my daughter's injuries, thank you very much."

And then, she bowed her head toward me.

"No no, Saria-san and Sari have taken care of me quite well. It's only natural that if something happens Saria-san or Sari then I would do my best to help."

When I said that, Saria-san raised her head.

"Yuma is truly a good person. How about it? Will you marry my daughter and

become my son-in-law?”

“Well, that’s a matter for the future. I have a small little matter that I need to take care of, I will be going out of town for a while.”

Chapter 50 - Bakiru

Now, I leave the Zinnia with great speed trying to find Bakiru.
This won't work, first, let me calm down.
I can't let the blood rush to my head, it won't let me think properly at all.
"Fu~u...."

That calmed me down a little.
Alright, first thing to do is to recover MP. I completely used up all of my MP to heal Sari.
If I was to fight like the way I am now, then I wouldn't be able to use Sign Isolation or Demon Ripper at all.

Therefore, I take out an MP recovery potion from my Item Box.
Let's drink until I am fully recovered.

But, all of the MP potions were completely used up. Let's go find Bakiru and settle this then.

I proceeded to the store where Grace-san took me too.

After a while I was able to safely reach it. That is a relief, it's not closed yet.
"Excuse me, I would like to buy MP potions. Do you have any?"
"Oh, isn't this the kid. Welcome! MP potions is it? There are about thirty MP potions in the inventory. The people from the school have not come over yet, so we have a surplus of them."
"Please give me all of them."
"Everything you say!? Your pretty rich huh? I will calculate, please give me a sec. It's thirty, so....."
"It's six silver coins. Please pack it for me, thank you very much."
I hand over one gold coin to the Aunt.
"Oh? Your definitely quick to calculate huh. How about working over at this store?"
"I'm very thankful for the offer, but I will respectfully decline."

“That's too bad. Here is your change of four silvers.”

“Thank you very much.”

I receive the four silver coins and leave the store.

I think I have enough, the Potion problem is now solved.

Next is...

How to find where Bakiru is?

This city is too big to search every nook and cranny. Bakiru seems to only target women.

If I am near him and he notices, then he will definitely run away from me as fast as possible.

I have to somehow get closer to him...

Do I ask help from Meru-san.....no! Not happening!

What am I even thinking? Sari was attacked. I can't let anyone else who is close to me get involved in this.

This world is not a game, I can't start over again.

But, I don't have a method right now.

He apparently seems to be Bald, he is not that tall, and he has huge scar on his face. That is quite a hard description to find in this entire city. It can't be helped, I will have to search everywhere randomly.

As I was thinking about this,

“Oh? If it Yuma. What are you doing here?”

This person was the one that told me about the Ripper Demon, Iguru.

Come to think of it. When I saw the status of Iguru, I saw that he had a skill called Eagle Eyes.

I can make use of this. Since he is a male, then there is no problem at all.

“Oi oi, whats wrong!? Why are you making such a scary face all of a sudden! More than that, let's quickly go back to Zinnia and have a taste of Sari-chan's cooking.”

Ah! I see, Iguru still doesn't know what happened.

“Iguru, I know that this is sudden, but I need your help. Please help me find the Ripper Demon. Please.”

“Wh-Whats with this all of a sudden? I don't mind helping you out. Did

something happen though?"

"Sari was attacked by the Ripper Demon."

The moment I said that, Iguru's face became serious.

"Are, Are you serious?"

"The injuries were completely healed using my magic, therefore there are no serious problems for now. But, I will definitely not forgive the Ripper Demon.

"Sari was attacked while I was out doing a request which was irresponsible of me too. Please. Lend me your strength."

After I said that, I bowed my head towards Iguru.

Iguru, seeing me lower my head, was surprised.

"Hey Yuma, Sari-chan was injured, do you think even after this I would not cooperate?"

"Then, will you cooperate!?"

"Of course! If I am helping you, then it's the same as a hundred people helping you out! Shall we quickly find him together? Did you find any information on the Ripper Demon?"

"He is not so tall, bald head, and has a huge scar on his face."

When I said that to Iguru, he smiled.

"That much is more than enough."

After I said that, Iguru jumped up the tallest house nearest to us.

What is he planning to do from there?

"Iguru, what are you doing by going up there?"

"Ah! It's one of my skills called Eagle Eyes. If I use this then anything really far can be seen quite clearly for me! I will search for that person from up here!"

As I thought, it was the best choice to ask for help from Iguru.

If its like this,

"Found him Yuma! He is a short man with a scratch on his face and a bald head! He seems to be a little north from Zinnia, inside an alley."

"Thanks a lot, Iguru!"

"Go quickly! I can't move for a while since I have used Eagle Eyes with full power. But, I shall keep my eyes fixed on his location."

“Leave it to me!”

And then, I ran to the place where Iguru pointed to, at full speed.
After a while, I was able to reach the place.

And then,

Found you Bakiru.....

Are you still trying to find prey while in my presence?

A knife in hand, He seems to be in position to attack any passing prey.

I smirk while looking at his figure.

It seems like Bakiru without any doubt at all. Still, let my confirm just to make sure.

{Appraisal}

Bakiru

Level: 40

Strength: 45

Endurance: 47

Agility: 78

Luck: 67

{Skills}

Knife Arts: Level 3

Stealth: Level 2

Sign Inference: Level 1

There is no doubt about it.....The man in front of me is the one I wanted to find.

Calm down....

Alright, I calm myself down slowly.

Let's do this....

I take out the Poison Knife from my Item Box and activate Sign Isolation.

“Let's go Bakiru!”

I run toward the location of Bakiru and reach his back.

I stab the knife directly into Bakiru’s neck.

“Don’t Move!”

Bakiru was completely taken a back from my voice

I see, Bakiru can hear my voice, but he can’t point out where it is coming from since I am using Sign Isoation.

I remove Sign isolation so that he can see who I am. (ED: Doesn't make any sense. I guess monologue is more important than risking your life to complete your task)

“Wh-who a-are you!”

“Me? I am the one who has come to capture you by the request of the guild, I am an Adventurer.”

“An Adventurer! What kind have a skill did you just use?”

“Is there a need to answer a person who will die soon? Do you have any last words to tell me before you die?” (ED: *Throws Flag*)

“YOU! Are you going to kill me?”

“Even if I capture you here, you're still gonna get Corporal Punishment. It won’t be much of a difference even if I kill you. N? Have I said anything wrong?”

Suddenly, Bakiru starts to laugh.

“He~tsu, You think just because of that skill you used that you are a verteran, are you possibly a newbie adventurer?”

“Why do you think so?”

“You have a lot of gaps, you idiot! ahahahahaha.”

Bakiru twists his body and gets out of my restraints.

His neck is currently injured, but he doesn’t seem to be that bothered about it.

“Too bad, Adventurer! If you had just killed me earlier!”

Bakiru suddenly makes a face as if he has won.

"I am! I am not a person who will die here! I still have a lot of women to rip apart!"

"He seems to have quite the talkative tongue!"

"You definitely have quite the amazing skills but! You're still a newbie adventurer.....so.....that....."

Bakiru collapsed on the spot with the same triumphant expression on his face. Fumu, it seems to have taken quite some time. (ED: *Picks up Flag*)

"What.....is.....this?"

"The Paralysis and Poison seem to have finally taken quite the effect."

"When.....did.....you, that knife.....tsu""

He notices the knife in my hand.

"Ahh, this thing here is the Poison Knife that has the effect of Paralyzing and Poisoning a victim who is slashed by it. The poison dissolved in the blood stream. Isn't it useful?"

"Impossi....blewhendid.....you""

"Well, honestly, I was planning on killing you silently without you knowing, but that would be too much of a waste. I couldn't let you die so easily, so I will take my time and make sure that you die slowly." (ED: MC finally growing a pair :D)

".....! ?"

"Oh? You can't talk anymore, can you? Ah! Well, don't worry too much about it. Hardly anyone will ever come here after all."

".....!....!"

"You probably have about ten minutes before you die."

"Well, I guess with this, you can repent on all those you have hurt until now."

When I said that to Bakiru, he lost his consciousness due to fear.

I have no choice.

I move closer to his head, and I cut it off.

"Request completed.....Right?"

Chapter 51 - Memories

Alright, with this, the request is complete.

Now, all that's left is for the guild to confirm the body and death of Bakiru.

Now then, shall we just put the corpse into the Item Box?

I move forward and collect the rolling head and the headless corpse of Bakiru.

“By the way, what happened to Iguru after?”

Well, he did say that he couldn't move after he used Eagle Eyes.

Alright, as soon as he is able to move again, he will make his way back to the inn. But, it's definitely true that this was thanks to his help. I don't know what I would have done to search for Bakiru if Iguru wasn't here.

I will have to thank him later.

“Well, let's just go to the place where Iguru is, and then proceed to the guild.”

I headed to the guild through the roads and alleyways, I also went to the place where Iguru was previously, but I couldn't find him. Maybe he already went back to Zinnia.

So I thought while I went to the guild and after a few minutes, I arrived there safely.

I opened the door to the guild and entered inside, there were not many people there at this time which is what I expected.

I tried to look for Grace-san who was always around, but I couldn't find him.

I headed to where Meru-san at the reception desk is.

Meru-san noticed me and we started to talk,

“Good evening, Yuma. Why are you here at such a time? Do you have anything to report about a request?”

“Good evening, Meru-san. I am indeed here to report about a request.”

When I said that, Meru-san made a surprised expression that was visible on

her face.

“Is it about the..... promotion request? Could you have possibly already caught the Ripper Demon!? Even though the guild master gave you the request only today!”

“Yes, I just completed it right now.”

“That's amazing! As expected of Yuma!”

Meru-san praises while saying that.

But, I am not really worth it.

I should have completed this request sooner. If I had, Sari probably wouldn't have had to go through that attack.....

I have to get stronger to protect my people.

“What's wrong, Yuma-kun?”

“Ah, it's nothing.”

“Also, Yuma-kun. Do you have any proof for the subjugation of Bakiru?”

“Yes, I have the corpse stored in my Item Box.”

“That's fine. Then, shall we go to the Guildmaster for confirmation? Since I don't know the face of Bakiru.”

“I see. Alright, I understand.”

We move toward the room of the Guildmaster and arrive a few seconds later with Meru-san knocking on the door.

“Guildmaster! Yuma, has come to show you the proof of completion for his promotion request. Is it fine to enter?”

As Meru-san asked this question, a voice soon came back,

“Alright, you can enter.”

Me and Meru-san enter the room. Yup, this is the first time that he did not come flying over to fight.

“You're here early Yuma, so? Did you maybe come for the completion of your promotion request?”

“Yes, I have just succeeded in taking down Bakiru a while ago.”

“You work quite quickly! So, where's the proof? Let me confirm it before we issue it a success.”

“Understood!”

So, where should I take it out? Well, I guess it's fine to take it out here.

I think it's better to only take out the head since it's much easier to confirm than the body, so I remove a small part of the head from the item box.

Guren-san, who saw it, gave me a nod.

“Yes, it's confirmed. That side of the head definitely proves that he is Bakiru! That's quite a big thing! And, I only just asked you today, look how quick you are!”

“Thank you very much!”

“Then, this is the reward. Here, accept it.”

I was handed something I haven't seen before. It was a white coin. Let's check it with appraisal. Woah, this thing is actually called white gold and it's worth almost ten times as much as the gold coin. Is this fine for me getting such a reward? Well, I guess it might be. Where shall I use it?

Well, let's use this when I need buy something expensive.

“This much, thank you very much.”

“You did this job quite well. I don't know what would have happened if you were unable to resolve it. Thanks a lot.”

“No no. Well then, I am a little tired, so I will to go back home to rest.”

“Oh? Umu! I will call you again if I have any more requests to give you!”

Lastly, Guren-san bowed his head to me. Meru-san said that she had something to speak to Guren-san about and stayed behind. Since I don't have any more work to do at the guild, I left.

“Man, today definitely made me very tired!”

I don't have any physical fatigue. But, mentally I'm totally exhausted.

Let's quickly go back to Zinnia and go to sleep.

When I looked up at the sky it was really dark.

“Maybe dinner time has ended a long time ago...”

Fun~ Today, I missed dinner huh.

Well, I was surprised that Sari said she would make dinner, but it would be bad for her body.

I did tell Saria-san that I would be going and will be late. I walked toward Zinnia while sighing.

After a while, I reached the gates of the inn.

The first floor of Zinnia was very quiet. It can't be helped.

I opened the door to Zinnia while thinking so.

“Ah! Yuma-san, welcome home!”

“Ah! Yuma, you're finally back. It took you quite a while.”

“Ah! Yuma you're finally back, huh! I am so hungry that my stomach is making peko peko sounds already.”

Wha... t?

When I looked at who it was, I could see Sari, Saria-san, and even Iguru.

“Why is everyone? It's already very late. Even dinner is already over....”

When I started to murmur that, Sari said,

“Didn't you tell me!? You would only eat my delicious food. Please wait for while and I'll go get the food ready.”

Saying that, Sari ran to the kitchen while I looked at Saria-san.

Seeing this, she made a small smile,

“You're wondering why we are still up even though you told us to go ahead and sleep. She said that you would come soon and you would only want her food and started throwing a tantrum. Kids these days are quite a handful.”

Even though she said that, she had a smile on her face. I then turned toward

Iguru,

“Iguru, what about you?”

“Hmm, me huh? Well, when I came back to Zinnia I was really exhausted, but I told Sari-chan and Saria-san that today's dinner time will be extended! I told them that you would be back a little late and they said they would wait until then. I also thought the same thing since eating alone is just boring. Therefore, come on, let's have seat and have dinner together already!

“Aa, ah.”

I was still slightly confused, but still I sat opposite to Iguru.

“So, were you able to possibly find and take care of it?”

“Yes, the request has been completed.”

“That's a relief!”

“Yuma, on behalf of my daughter, Please accept my thanks.”

When we were talking about such things, Sari came over with the food.

Is it just me or are the dishes a little bit too luxurious?

“Yuma-san, Iguru-san, here's dinner. It's a little bit more than usual. Please take your time and slowly finish it.”

The dishes were then lined up on our table and they looked delicious.

Both me and Iguru were thinking the same thing.

“Uiuuuu! It looks delicious! Yuma, let's dig in!”

“Yeah, I think so too. Let's eat!”

And so, Me and Iguru started to eat. Shut! This too good. I can't stop eating!

Me and Iguru started to eat at a considerable fast pace.

But still, this sight is definitely something new.

Everyone sitting at the table started eating together. This kind of reminds me of my previous world from before, when we used to sit together at the dining table and have fun together eating dinner. They were very old memories before I became a NEET.

“Yuma-san?”

Sari suddenly looked very worried. What could be the reason?

Then Iguru said,

“Yuma, why are you crying?”

I am....crying. I reach for my eyes.

This is when I realized that tears were flowing out of my eyes.

“Yuma-san, what's the matter? Are you possibly injured or maybe there is something wrong with the food?”

Sari looks visibly troubled. I can't let this happen, I can't.

“I'm alright, Sari. I just remembered the time when I sat together with my family a long time ago like this.”

“Family, is it? Come to think of it, where is Yuma-san's family?”

“Ah, my family is actually quite far away. It's not a location that I can easily go to.”

“Is that so? I hope that you can reach them someday again soon!”

“Ah, maybe. I would also like to see them again one day.”

Meet.....I have lots of things to speak with them about....

And soon, I and Iguru were able to completely clear all of the food.

“Wow, that was really good! I am completely full!”

“Oh, it was really delicious.

“I'm glad!”

Alright, let's go back to the room then. No, before that, I still have something to do.

“Thank you very much for waiting for me Sari, Saria-san and Iguru. It made me very happy. I will see you all tomorrow!”

And then, since I felt really shy, I ran to my room and went in while immediately falling on the bed.

“Today, lots of stuff happened huh. I'm flushed.”

I'm sorry for going away. Mom, dad, I'm really sorry.

But, I shall strive to live in this world. Along with Sari and everyone.

While I was thinking such things, I fell asleep....
